THE LINCOLN STAR

FIFTY-NINTH YEAR No. 39

LINCOLN, NEB., WEDNESDAY MORNING, NOVEMBER 16, 1960

SEVEN CENTS

Population Shift Costs State House Member

. . . LEGISLATURE WILL REDISTRICT NEBRASKA

By Don Walton

Nebraska will lose one of its 4 seats in the House of Representatives in 1963.

Official census reports from the Commerce Department in Washington set Nebraska's 1960 population at 1,411,330—cutting the state's representation in the House by one.

Nebraska's population—which increased some 6½% from the 1950 total—was unable to keep pace with the national average boost of 18½%.

Thus, the Legislature will next year redistrict the state into 3 congressional districts, and Nebraskans will elect but 3 representatives in the 1962 general election.

Both the state's party

Half Of States Gain Or Lose

Census results will cause half of the 50 states to either gain or lose seats in the U.S. House of Representatives. See Page 26.

chairmen Tuesday urged that redistricting be undertaken on an equal population basis.

Democratic State Chairman Russell Hanson of Newcastle said his party will offer a plan for consideration by the Legislature.

It is presently being devised by a special committee studying the problem, Hanson said.

Republican State Chairman Charles Thone of Lincoln said his party has not yet considered the possibility of recommending a redistricting proposal.

'Hands Off'

"My thought is," he said, "that the party will want to keep hands off."

In any event, the final decision rests with the 43 members of the non-partisan unicameral.

All 4 congressmen are Republicans, two having defeated Democratic representatives in last week's general election.

Population Disparity

Present districts show a disparity of population.

As now organized, they are:

First District: Rep. Phil Weaver; the lower two tiers of 26 counties extending from border to border; 378,000 residents.

Second District: Rep. Glenn Cunningham; Cass, Douglas, Otoe, Sarpy and Washington Counties; 420,000 residents.

Third District: Rep.-elect Ralph Beermann; northeast Nebraska including 24 counties; 294,000 residents.

Fourth District: Rep.-elect Dave Martin; Panhandle and north-central regions embracing 38 counties and about 60% of the state; 311,000 residents.

If the Legislature redistricts with an eye toward equal population distribution, one district will conceivably be dominated by the Lincoln area, another by Omaha.

The 3rd would likely represent a vast land mass.

Each district would include more than 470,000 residents.

Electoral Loss

The reapportionment will also cost the state one electoral vote—dropping Nebraska representations in the Electoral College from 6 to 5.

At one time, the state sent 6 representatives to the House.

New population totals also dropped Nebraska one place in population rankings among the 50 states.

Nebraska was ranked 33rd in 1950, Colorado 34th. The order is now reversed.

Red Chiefs Willing To Meet Jack

United Nations, N.Y. (UPI)—The Soviet Union expressed willingness Tuesday night to enter into negotiations with the new U.S. administration of John F. Kennedy in an effort to break the East-West disarmament deadlock.

Soviet Deputy Foreign Minister Valerian A. Zorin made the offer before the U.N. General Assembly's political committee, where he clashed with U.S. Delegate James J. Wadsworth—an appointee of the Eisenhower administration.

The clash came after Zorin threw his country's support behind a last ditch compromise resolution submitted by India's Defense Minister V. K. Krishna Menon, and co-sponsored by a group of smaller nations.

Challenge

Wadsworth challenged Zorin to accept amendments to the resolution that would make it more of a balance between rival east-west proposals. He did not spell them out in detail.

But Zorin rejected the idea of any amendments, saying the United States wants to destroy the resolution and establish "loopholes that would enable it to squirm out of agreement on general and complete disarmament."

The Soviet delegate said that in view of Wadsworth's position his country would look forward to a spring session of the assembly on disarmament, to be attended by heads of states. The Soviet Union has expressed a desire that the assembly be held in Europe or the Soviet Union.

Ponder It

Zorin voiced hope the Kennedy administration would "seriously ponder this" and at the spring session take steps to make agreement on disarmament possible.

Wadsworth replied that it ill behoves Mr. Zorin to talk about what the position of the next U.S. government might be.

"This is not the way to do business, and I regret that any such thing has been brought up in this committee."

The committee adjourned without taking any vote.

Wadsworth declared he would not take time to reply to Zorin's "totally unjustified interference in the internal affairs of the United States."

He said that although the United States found many parts of the resolution acceptable it would "tie the hands of negotiators when they sit down at the table."

He charged that the Soviet Union wanted a resolution that would weigh the scales in favor of the approach of Soviet Premier Khrushchev.

Ethiopian Elected

Paris (UPI)—The general conference of the United Nations Educational, Scientific and Cultural Organization elected Akale-Work Apte-Wold of Ethiopia as president. The choice was by acclamation. Apte-Wold, 50, is his country's ambassador to France.

Central Americans Desire Aid Of U.S.

By Francis L. McCarthy
UPI Latin American News Editor

Three Central American nations, now engaged in mopping up what they called Cuban or Communist-inspired invasion forces, looked to the United States Tuesday to defend them against further aggression.

Nicaragua warned the United States that unless it casts off "lethargy," it might awaken some day to a Red Central America. President Luis A. Somoza said Cuba had been ordered by Moscow to conquer Central America to bring about Communist control of the Panama Canal.

Guatemala said it fears a direct Cuban invasion in the wake of the collapse of Sunday's revolt movement and asked the American Navy to

patrol its Caribbean coastline. President Miguel Ydígoras Fuentes said the last rebel core of resistance is at the Caribbean port of Puerto Barrios, and that Cuba might seek to aid.

Costa Rica, with only a small civil guard to defend itself identified the forces which crossed its soil to attack Nicaragua as Cuban and made no secret of its unhappiness at being made a pawn in a Castro power play.

Only Guatemala, however, made a formal political issue of its charge that Cuba inspired the week-end's apparently coordinated Central American revolt movements. It called on the Organization of American States to take "drastic action" to resolve the situation.

This was the 3-nation situation Tuesday:

Guatemala—the government threatened drastic reprisals, perhaps a renewal of air bombardment, if rebels under army siege at Puerto Barrios execute two Air Force pilots as they have threatened. Foot soldiers used flamethrowers and rockets to attack entrenched die-hard rebels. All other rebel activity has ended.

Nicaragua—the government said "Castro mercenaries" no longer constitute an organized threat. Tank-led troops pursued an estimated 54 rebels seeking to flee the country in disorganized groups. The government said 80 rebels have been killed or captured so far and that about 70 citizens have been rounded up as revolt suspects. Government casualties in the weekend fighting included 9 dead and 7 wounded in one town alone.

Costa Rica—the government was reported to have deported to the United States the first of some 10 political prisoners accused of direct or indirect participation in the most recent effort to use Costa Rica as a base for invasion of Nicaragua. The deportees included Nicaraguan exiles Gen. Carlos Pasos, Enrique Lacayo Farfan and Leonte Herodio. Reports from frontier areas indicated no further encounters with rebel groups.

IKE ORDERS CUT IN FOREIGN SPENDING

—NOT EVEN SANTA CLAUS CAN HELP—

A Christmas Wish—Unanswered

By Gene Budig

Milford—All bright-eyed Rita Read wants for Christmas is a chance . . . a chance to be like other two-year-olds.

But, unfortunately, her wish will go unanswered this Dec. 25.

Not even Santa Claus can help the patient tot who wears a cast extending from her chest to her little toes.

Rita has been confined to her bed since last spring because of improper development of her hip joints.

Her doctor says she won't be able to shed the big plaster cage for another 10 or 12 months.

Good As New

Then, she'll be as good as new.

What will this do to Rita's Christmas?

"Very little, we hope," Mrs. Richard Read says.

The Milford housewife plans to build the holiday festivities around little Rita rather than the traditional tree.

The mother assured: "We'll have a nice holiday for her."

Mrs. Read works for a smile. (Star Staff Photo)

And, what does Rita think about the bad break? She smiles most of the time between hugs or her Santa Claus doll.

Apparently not too much.

By John Scali

Augusta, Ga. (UPI)—President Eisenhower Tuesday ordered government agencies and departments to take emergency action to cut down the amount of money they spend abroad.

Eisenhower acted after an extraordinary 2½ hour conference with his Treasury and Defense secretaries on steps to guard the nation's gold reserves while reducing the mounting overseas balance of payments deficit.

The President, interrupting his golfing vacation, approved a series of directives which will be issued to government agencies within the next 48 hours.

Broad Scale Attack

He hinted that, as part of a broad scale attack on the financial front, West Germany may be asked to pick up part of the expense of keeping some 6 divisions of protective U.S. troops on German soil.

Treasury Secretary Robert B. Anderson is due to fly to Bonn Monday to press West German leaders to help the U.S. by carrying far more of

In 1959 this deficit totalled some \$3.8 billion. The figure represents the gap between the amount of money the United States earns in overseas transactions and the amount it spends.

This gap is one of the key reasons there has been an increasing flow of gold out of the United States in the past two years.

Eisenhower did not spell out the kind of action he would direct government departments and agencies to adopt to ease the problem. He said he would issue "a paper" outlining the problem.

"It will contain directives to government departments and agencies for action which they can take within the sphere of U.S. governmental activity to contribute to the reduction of the deficit in our balance of payments," Anderson said.

Eisenhower made it clear he expects the wealthy West German government to help stem the outflow of U.S. gold by picking up some of the financial burden the United States has been carrying to help free nations.

Ag Speaker Urges 'Sensible' Program

... Farm Bureau President Here

By Glenn Kreuscher
Farm Editor

There is a great need to get back to a sensible approach to farm legislation, Charles Shuman, president of the American Farm Bureau Federation told Nebraska Farm Bureau members at their state convention Tuesday evening.

Members of the new Congress should give high priority to passage of new wheat and land retirement programs when they convene in January, Shuman said.

Shuman objected to the plan that has been submitted by the Wheat Growers Assn. by saying, "If a multiple price plan for wheat were to be adopted by Congress, it would result in the 'dumping' of wheat surplus on the producers of livestock, dairy products, poultry and feed grain, thus driving down prices."

Shuman suggests what he calls, "a forward looking plan for wheat that will allow farmers to return gradually to a market price system."

Wants Market Plan

Shuman told Farm Bureau members that it is essential to continue to move in the direction of making it possible for farm prices to be determined by markets rather than by government.

The two-price system for wheat, suggested by the Wheat Growers Assn. and approved by President-elect John Kennedy in pre-election statements was termed by Shuman as, "a program that would seriously jeopardize wheat farmers income opportunities as well as to unfairly subsidize production of wheat for feed, thereby hurting producers of livestock, dairy products, feed grains and poultry."

'Higher Income'

He said, "By contrast, Farm Bureau's proposal for a gradual return to the market price system would result in a higher per family farm income."

Under the Farm Bureau's proposal, acreage controls on wheat would be removed and the wheat price support would be geared to the support level for corn to more nearly reflect market conditions and expand the feed use of wheat without subsidized competition with corn and other grains, Shuman said.

Shuman also called for a proposal that would provide a substantial expansion of the conservation reserve (land retirement) to encourage needed acreage adjustments and at the same time cushion the effect of those adjustments on producers.

"Certainly it is true that a

Alleged Tax Inequities Attacked In Suit Here

By Del Harding

Alleged inequities between the assessed valuations of downtown real estate and comparable residential property were attacked in a suit filed Tuesday in Lancaster County Court against City Assessor William A. Schlaebitz.

Atty. Robert Guenzel said he filed the suit in an attempt to help bring about partial consolidation of the offices of the city and county assessors and treasurers. He said he hopes to force the city to bring its real estate values into line with the values placed on the same properties by the county.

This, Guenzel said, would result in the same valuation figures being used by both the city and county and thus would eliminate one of the major obstacles to consolidating bookkeeping and records functions of the 4 separate city and county offices.

Guenzel alleged in his petition that Schlaebitz "has a consistently assessed downtown business real property in excess of the assessed valuation of an equal value."

Guenzel also called for a proposal that would provide a substantial expansion of the conservation reserve (land retirement) to encourage needed acreage adjustments and at the same time cushion the effect of those adjustments on producers.

"For Discrimination"

"This systematic and willful method of assessment is specifically designed to discriminate

against downtown business real property, and to make the assessments thereon higher on an actual value basis than on residential property of a like value, and (is) in complete disregard of his (Schlaebitz's) duties."

Guenzel asks the court to issue a writ of mandamus ordering Schlaebitz to fulfill the duties of his office by making assessments of all real property" in the city uniform.

Guenzel said county-set valuations on downtown properties are generally lower than the city's values on the same properties by the county.

U.S. Launches Most Potent Weapon Of All Time

POLARIS SUB HAS 16 MISSILES

... Defender Of Peace

Charleston, S.C. (AP) — The Navy sent the nuclear-powered submarine George Washington into the Atlantic Ocean Tuesday armed with 16 thermonuclear-tipped missiles. The \$110 million sub, carrying the most destructive war force in the history of man, opened a new era in warfare.

Before the powerful 380-foot sub slipped beneath the water, President Eisenhower, vacationing at Augusta, Ga., said:

"The George Washington and her following sister ships possess a power and relative invulnerability which will make suicidal any attempt by an aggressor to attack the free world by surprise."

The subs, he said, "will perform a service to world peace worthy of the great American names they bear."

Skipper Is Capt. Osborn

Capt. James B. Osborn, 42-year-old Stockton, Mo., native and skipper of the vessel, stood on the conning tower, calmly puffing a cigar as he directed the big sub down the Cooper River in calm waters.

About 65 miles from Charleston, the first Polaris missile submarine to be deployed by the Navy began to submerge. Her periscopes and antenna cut a wake briefly under the bright November sunshine, then she was down.

Capt. Osborn said the vessel will "go to the dive area, submerge and stay down until we come back."

Adm. Arleigh A. Burke, chief of naval operations, told the crew of 100 in a radio message they will have proved the deterrent value of their task only "if the need to fire your missiles never arises."

He added that if the need to fire should arise, "your ship and the missiles it carries will contribute to the salvation of civilization, for you man the most powerful weapons system ever devised."

New Era Opens

In another message, Navy Secretary Gates said, "the sailing of the George Washington . . . opens a new era in naval warfare and greatly enhances the overall capabilities of our armed forces."

The Navy has said the 16 Polaris missiles in the George Washington equal in destructive power all of the bombs dropped during World War II.

Vice Adm. Elton W. Grenfell, commander of submarine forces, Atlantic, noted that the ship will be at sea during the Christmas season, but expressed the hope that because of its mission the annual Christmas theme of peace this year "may really have a true significance."

Three pacifists who had announced their intention to try to stop the voyage of the George Washington were in a rowboat on the Cooper River Tuesday. One of them swam within 200 feet of the submarine.

A Coast Guard patrol boat caught up with the swimmer and asked him what he was doing. They quoted him as saying he intended to "block passage" of the sub. But he came nowhere near doing it and finally swam back to the rowboat.

Rich Ore Discovery

Perth, Australia (AP) — The Griffin Coal Mining Co. of western Australia says it believes iron ore deposits it discovered recently on the Scott River 200 miles south of Perth will prove to be the largest in Australia.

Versatile Gerard Souzay Gives First Lincoln Concert

By Ruth Gardis

Gerard Souzay, baritone, gave a superb solo recital Tuesday night for members of the Lincoln Symphony Orchestra Association. Although Mr. Souzay is celebrating his twentieth anniversary American season and is one of the most versatile artists before the public today, this was his first Lincoln concert.

The program included works by four composers—Puccini, Duparc, Ravel and Schumann. Mr. Souzay had bypassed the usual recital numbers in favor of several seldom-heard works of high artistic merit.

Duparc, although not as well-known as Schumann, is recognized with him as one of the great composers of Lieder. "Lemonier de Rosamonde" and "Phydie" were especially well-received by the audience, not only for the

beauty of the compositions, but also for Mr. Souzay's apparent sensitivity to the mood of the songs of his fellow countryman. There was a profound and clear beauty to his voice which made his interpretations distinctive.

The entire last half of the program was devoted to the "Liederklaus" Opus 39 by Robert Schumann. Since this cycle of twelve songs was sung without interruption for applause, the audience sat spellbound as Mr. Souzay carried them through love's joys and sorrows. The singer made each of the lieder perfectly-polished gem.

Dalton Baldwin's accompaniments were outstanding throughout the entire concert. Mr. Souzay sang a variety of encores ranging from an old Irish folk song to an aria from Berlioz' "Damnation of Faust".

Suit Alleges Tax Inequities

(Continued From Page 1.)

higher than residential on the premise it produces revenue. "But this isn't the law," Guenzel said.

Guenzel said he doubts the City Council would voluntarily switch its property values to those of the county because this would result in residential property owners having to pay more taxes. "No downtown property owner," he said, "wants to be in the position of shifting taxes to the homeowner."

A certified public accounting firm, Peat, Marwick Mitchell & Co., issued a report in July on consolidation of city and county tax functions.

\$35,000 Savings

The report estimated that consolidation of the two offices could result in an estimated \$35,000 to \$40,000 annual saving in tax dollars.

The report also noted that the primary obstacle to such consolidation is the differences in county and city real estate valuations.

To equalize the valuations at the county level "would require the city to increase real estate taxes on residential property and reduce taxes on business property," the report said.

The accounting firm's study was financed by the Lincoln Foundation, of which Guenzel is vice president.

Hiroshima Aftermath

Manchester, Eng. (AP) — Andrew Brawls, 39, who was a war prisoner in Hiroshima when the atom bomb fell in 1945 has died mysteriously at his home here.

Coroner J. F. Hibbert said he would hold an inquest into Brawls' death, and added:

"Obviously there has been a history of radiation in this case."

110 KILLED IN PILEUP

Vienna, Austria (AP) — A speeding express plowed into a local train at Stabova station in Czechoslovakia Monday night, killing 110 persons and injuring 106 more.

News of the nation's worst railway disaster since World War II was not broadcast by Prague radio until noon Tuesday.

Details were scarce as the communist followed their usual procedure of attempting to hush up news that might be taken as a sign of state mismanagement.

Hallam Woman Fined \$25 For Shooting Spouse

Olene Lummus of Hallam was fined \$25 Tuesday in County Court for shooting her husband during a domestic argument Sunday morning.

Mrs. Lummus, 43, pleaded guilty before Judge Herbert A. Ronin to an assault and battery charge.

She told the judge that her husband, James, who is hospitalized with a .22 caliber bullet wound in his chest, was drunk and had threatened to kill her. She said he was about to strike her with a chair when she shot him.

Judge Ronin commented that she acted in self defense and said a jury probably would not have convicted her had she pleaded innocent.

Lummus, 52, is reported in satisfactory condition.

Sly Fox

Penrith, Eng. (AP) — A hunter said Tuesday night a fox deliberately lured his pursuing pack of hounds onto a railroad line where a train ran over them all. The fox got away.

The master of the Cumberland hounds, John Cowan, said he saw his pack mowed down by a diesel train while in full cry.

"I am sure the fox deliberately lured them to their doom," Cowan said.

"Exactly a year ago another fox tried to get the pack on the railroad tracks at the same spot. On that occasion the fox was run over by a train and the hounds escaped."

DEATH TOLL IN CRASH NOW 9

Manila, Philippines (AP) — An inquiry board of senior U.S. Navy officers was set up Tuesday to seek the cause of a plane crash that killed Rear Adm. Arthur F. Spring, his wife and 4 military men.

The death toll reached 9 when a U.S. Marine and 2 Philippine policemen died in the crash of a helicopter sent out to look for the missing plane.

Rear Adm. Joseph M. Carson, commander of U.S. naval forces in the Philippines, designated Capt. Eugene Maher as acting commander of Subic naval base — the installation Spring commanded.

George W. Abbott, assistant secretary of interior from Grand Island, is the alumni club president. Janice Johnson and Cliff Sandahl were co-chairman of the reception.

Capital Alumni Honor Chancellor Hardin, Leaders

Washington (AP) — Chancellor Clifford Hardin and other University of Nebraska officials were honored Wednesday night by the Washington (D.C.) Alumni Club.

The Nebraskans were guests at a reception-buffet held at the American Newspaper Women's Club. They are here to take part in sessions of the Land Grant Colleges Association, of which Hardin is president.

Others from the university included:

F. E. Eldridge, director of resident instruction; Edward W. Janike, director of agricultural extension service; K. O. Broady, director of University extension service.

Merik Hobson, dean, College of Engineering and Architecture; Walter E. Militzer, dean, College of Arts and Sciences; John C. Weaver, dean, Graduate College; George S. Round, director of public relations and Miss Agnes Arthaud, state leader of home extension.

George W. Abbott, assistant secretary of interior from Grand Island, is the alumni club president. Janice Johnson and Cliff Sandahl were co-chairman of the reception.

Bridged Cookbooks

Willimantic, Conn. (UPI) — Mrs. Dorothy Evans wasn't so upset when a fire in her electric range ruined the chicken dinner she was preparing. What hurt most was the fact that the fire also destroyed her three cookbooks.

Reports Denied

Paris (UPI) — A spokesman for Gen. Lauris Norstad denied reports he would resign as Allied Supreme Commander in Europe when President Eisenhower leaves office in January.

Miss Fiegenbaum Dies: Assistant For English Dept.

Miss Martha T. Fiegenbaum, 56, of 147 No. 9th, died Tuesday.

For several years, she was an assistant to instructors and professors in the University of Nebraska department. Her duties included reading, grading and making comments on students' essays, criticisms and compositions.

Miss Fiegenbaum was graduated in 1926 from NU with a Bachelor of Arts degree. She received a Master of Arts degree in 1929. For 1½ years after that, she did work toward her Doctorate.

During World War II, she taught soldiers English at the University of Minnesota for one year. She had previously taught at Carroll College in San Antonio, Tex., and a college in Bowling Green, Ky.

Miss Fiegenbaum had been a teacher at Arapahoe High School and other high schools in Nebraska.

Miss Fiegenbaum's parents, now deceased, were early Midwestern settlers.

She is survived by 3 cousins, Mrs. Phyllis LaFollette of San Diego, Calif., Franz Erlenborn of Seattle, and Fred Erlenborn of Denver, and two aunts, Mrs. Julius Erlenborn of Denver and Mrs. Lewis Bergman of Seattle.

Atlas Capsule Is Recovered After Flight

Cape Canaveral, Fla. (AP) — The Air Force fired an Atlas missile 5,000 miles Tuesday and recovered a data capsule that ejected from its nose cone and parachuted into the sea.

Later, a Mace-B guided missile was launched on a 1,000-mile test flight after standing on its pad in a "hot hold" ready-to-fire status for more than 31 hours.

The Atlas thundered to a bullseye off the south Atlantic island of Ascension, covering the distance in 25 minutes at a peak speed of more than 17,000 miles an hour.

The 30-inch cylindrical capsule plunked into the water nearby and two hours later was retrieved by the ocean range vessel Timber Hitch.

'60 Total Crop Output Sets New State Record

The total volume of crop set a new high in 1960, the State-Federal Division of Agricultural Statistics reported Tuesday.

The year's total was 4% over the 1958 crop, a banner year, and was 60% over the 1947-49 average.

The office credited the rec-

ord to large corn and grain crops, together with high yields on most other crops.

The estimated corn production at 369 million bushels exceeds by 5% the previous high of 351 million in 1959.

The crop is 21 million bushels larger than forecast a month ago as October weather was ideal for maturing, filling and starting the harvest.

Field losses have been unusually low. The yield per acre was expected to reach 52 bushels, a shade lower than the record 1958 yield of 52.5 bushels, and 9 bushels above the average yield per acre.

The corn harvest has been moving ahead at a normal pace, about on par with last year. Well over half the crop had been picked by the first week of November. A number of eastern counties were harvesting the highest yield ever attained on dry land corn. Yields for some corn hit by dry weather in the western districts were exceeding earlier expectations.

Big Sorghum Yield

Sorghum grain production was expected to approach 82 million bushels, the largest ever produced in Nebraska. Prospects gained from a month ago with an expected yield now of 50 bushels per acre, the highest on record.

Last year's crop was 59 million bushels and the yield 45.5 per acre. Sorghum grain harvest made rapid progress during October and early November, with over 80% of the crop binned by the first week of November. Moisture content dropped rapidly during ideal harvest weather in October.

Loken testified Tuesday morning that he was intoxicated at the time. He said he stopped several times during the trip, including one stop to get gasoline and one stop to change a tire. He said that Mrs. Albro did not attempt to leave the car during these stops.

A statement given to a Federal Bureau of Investigation agent by Loken after his arrest, also was read. In that statement Loken said Mrs. Albro "didn't seem particularly angry" at the abduction.

He said he did not recall saying anything about a murmur.

He said he did not recall saying anything about a murmur.

Loken Found Not Guilty Of Kidnapping

North Platte (P) — A District Court jury deliberated two hours Tuesday afternoon before returning a verdict of innocent in a kidnapping case against Jerald Loken, 25, a Navy seaman.

The verdict was returned at 4:45 p.m.

Loken was accused of abducting Mrs. Beverly Albro, 23, of Ongallala, last June 23, and forcing her at knife point to accompany him to Watertown, S.D. He pleaded innocent to the charge.

Mrs. Albro testified Loken held a paring knife against her side and forced her to sit close to him as he drove with one hand during the trip from North Platte to Watertown, S.D., where she fled from the car while he was inside a house. She said at one time during the trip she lost consciousness and did not recall the entire trip. She also said Loken told her he planned to commit a murder in Watertown.

Loken testified Tuesday morning that he was intoxicated at the time. He said he stopped several times during the trip, including one stop to get gasoline and one stop to change a tire. He said that Mrs. Albro did not attempt to leave the car during these stops.

A statement given to a Federal Bureau of Investigation agent by Loken after his arrest, also was read. In that statement Loken said Mrs. Albro "didn't seem particularly angry" at the abduction.

He said he did not recall saying anything about a murmur.

The total volume of crop set a new high in 1960, the State-Federal Division of Agricultural Statistics reported Tuesday.

The year's total was 4% over the 1958 crop, a banner year, and was 60% over the 1947-49 average.

The office credited the rec-

ord to large corn and grain crops, together with high yields on most other crops.

The estimated corn production at 369 million bushels exceeds by 5% the previous high of 351 million in 1959.

The crop is 21 million bushels larger than forecast a month ago as October weather was ideal for maturing, filling and starting the harvest.

Field losses have been unusually low. The yield per acre was expected to reach 52 bushels, a shade lower than the record 1958 yield of 52.5 bushels, and 9 bushels above the average yield per acre.

The corn harvest has been moving ahead at a normal pace, about on par with last year. Well over half the crop had been picked by the first week of November. A number of eastern counties were harvesting the highest yield ever attained on dry land corn. Yields for some corn hit by dry weather in the western districts were exceeding earlier expectations.

Sorghum grain production was expected to approach 82 million bushels, the largest ever produced in Nebraska. Prospects gained from a month ago with an expected yield now of 50 bushels per acre, the highest on record.

Last year's crop was 59 million bushels and the yield 45.5 per acre. Sorghum grain harvest made rapid progress during October and early November, with over 80% of the crop binned by the first week of November. Moisture content dropped rapidly during ideal harvest weather in October.

Loken testified Tuesday morning that he was intoxicated at the time. He said he stopped several times during the trip, including one stop to get gasoline and one stop to change a tire. He said that Mrs. Albro did not attempt to leave the car during these stops.

A statement given to a Federal Bureau of Investigation agent by Loken after his arrest, also was read. In that statement Loken said Mrs. Albro "didn't seem particularly angry" at the abduction.

He said he did not recall saying anything about a murmur.

Rites Held For Dean Skokan, 38, Knox Supervisor

Niobrara (P) — Funeral services were held at Niobrara for Dean Skokan, 38, Knox County supervisor, who died of a heart ailment.

The Rev. Robert Haas, Presbyterian minister, conducted the funeral services held at the Z.C.B.J. hall in Niobrara.

Skokan, who was associated with his father, Adolph Skokan, in a store and had real estate and insurance interests, had been a county supervisor for about 3 years, having been appointed to fill a vacancy. He was nominated by both parties and elected to a new 4-year term without opposition in the Nov. 8 election.

Skokan is survived by his widow and 3 young sons.

Honors Banquet For 4-H Slated

The University of Nebraska 4-H Club will hold its annual honors banquet here tonight.

Guests of honor will be some 34 scholarship winners enrolled in the College of Agriculture. Some students who have previously been announced as winners will receive their scholarship checks at the banquet.

The banquet will be held at 6 p.m. at the Nebraska Union with some 100 persons expected to attend. Calvin Messer-smith, university freshman from Alliance, will serve as toastmaster.

Dr. Mastin Tabbed

Hastings—Dr. R. L. Mastin was elected president of the Adams County Medical Society, succeeding Dr. Gerald A. Kuehn.

He showed some red flags

on 5 foot poles and urged dealers to either give them to customers or sell them at a nominal price.

Knights Of Pythias Present Gift

Dr. Floyd Alcorn, (center) superintendent of the State Orthopedic Hospital, accepts the exerciser presented to the institution by the Kadar Temple 87 of the Knights of Pythias. William Aksamit of Wilber, Royal Vizier, (left) and Dr. C. N. House, chairman of the spastic committee present the gift, used in teaching children how to walk, on behalf of the Temple's member groups in Omaha, College View, Lincoln, Wahoo, Wilber, Steele City and DuBois. Off To Good Start

By WILLIAM O. DOBLER

Governor-elect Frank Morrison seems to be off to a good start in his administration of the affairs of the state. Voters will probably find Morrison to be a very attentive and hard-working chief executive because he has a strong sense of dedication and an honest concern for the welfare of the general public. He will not be found lacking in his desire to do what is best for the state and this is shown in the enthusiasm he has demonstrated already.

He has picked a good area in which to make his initial plunge into public life—industrial expansion of the state. He will do this by making good on a campaign pledge to make a personal trip East in search of industrial potential for the state. As Morrison has said, this is not going to be an easy job. One simply doesn't go calling on industrial leaders and invite them into an area as though they were coming for a round of golf or an evening of bridge. Such personal calls are merely one of many steps which must be taken in the process of landing a prospect for the state. The call establishes a better working relationship and sets up an identity of the state in the mind of the prospect.

From that point on, the success or failure of the mission depends upon many things. There are still such hard facts to deal with as the location of the state for marketing purposes, the labor market and climate, general business conditions of the area, the state's tax structure and a host of other details.

All of these things fit together into the pattern that it is hoped will bring the state industrial growth. The governor's present activity is an important part of that pattern. His personal effort and the overwhelming vote in favor of industrial expansion at the last election should make a very favorable impression upon potential industries for the state.

As our new governor gets more into other aspects of the state's business, it is hoped that he continues to display the same sense of urgency and imagination. Particularly is this true as he surveys the financial affairs of the state. Already, the governor-elect is attending budget hearings for the 1961 session of the Legislature. As he sees the requests of the various state departments and institutions, he will become even more keenly aware of the tremendous need for additional state revenues.

In his campaigning, Morrison made no

Time To End It

The public conscience is singularly unresponsive to the plight of some 300,000 young Americans who are the children of migrant worker parents.

They are the children who follow the agricultural field work, the pea pickers, the beet weavers and the small crop harvesters. They work for a child's pay or simply follow their own devices while their parents are at work. They live in trailers or shacks and most of them are virtually illiterate. And so it will be all their lives if there is no public intervention.

The old materialistic view of the elevation of these children is expressed by the oft used phrase, "educate a migrant child and you spoil a good bean picker." But an amoral answer to that is that technological resourcefulness by which ingenious machines more and more are replacing hand field labor in itself is spoiling the bean

Double-Barreled Action

A significant shift in U.S. foreign policy and affairs may be in the making with the forthcoming visit of Treasury Secretary Robert B. Anderson to West German leaders in Bonn. Anderson is going to Germany for the specific reason of talking to the West Germans about the need for their assumption of a greater share of the burden of developing the overall free world economy in Europe, Asia, Africa and the Middle East.

As the economic facts of life have developed, West Germany has become a strong and growing financial force. Other European nations have been experiencing substantial gains, too, while the U.S. economy has been strained with the burden of a great majority of the aid to underdeveloped countries. Two things can be done by the emerging economies of Europe—they can assume a greater part of the military protection of their area and they can make a more healthy contribution to foreign aid.

The economic side of this picture is an

Nixon And His Challengers

This immediate post election solstice finds the Democratic party in a period of quiet, passing over the fruits of victory for a sober view of the problems and responsibilities of the new administration. These are numerous and urgent.

It is different in the Republican world. There the stage is already being set for

Capitol Salaries 'Far Behind'—Justice

By Don Walton

State Supreme Court Justice Adolph Wenke Tuesday told Gov. Dwight Burney and Governor-elect Frank Morrison that salaries of Statehouse employees are "far behind" those paid in other state institutions.

Wenke particularly cited the University of Nebraska where, he said, "at least 50 employees draw a salary larger than that of the governor or members of the Supreme Court."

Such figures, he suggested, are "just out of line."

Employees at institutions under the supervision of the Board of Control also attract

salaries comparatively larger than those at the Statehouse, Wenke declared.

"We are far behind here in the Statehouse in comparative positions where salaries are paid wholly out of tax funds," the judge continued.

"And, that applies to every employee in the Statehouse from the governor on down."

Budget Hearings

Wenke's statements were made at budget hearings conducted before Burney. Morrison also sat in on the session.

The judge's remarks followed questioning by Burney of proposed salary increases for employees of the Supreme Court.

Neither Burney nor Morrison commented on Wenke's statements.

In other action, the governor heard budget requests from the Legislative Council

and the Clerk of the Legislature.

'Round Off Figures'

Following the hearing, Burney recommended "rounding off" several figures in the proposed budgets, thus trimming a few thousand dollars from the requests.

Of the 3 agencies heard, only the Supreme Court requested an increase in funds over that budgeted for the 1959-61 biennium.

Conducting the hearings was Tax Commissioner Forrest Johnson.

Hearings will resume Tuesday at 9 a.m. in the governor's office. Among agencies to be heard at that time are the state treasurer, attorney general and railway commission.

Requests, he said, are "not too far out of line."

The hearings, he noted, were "very informative."

The Supreme Court request (presented by Clerk George Turner) of \$544,298 was some \$30,000 over the current budget of \$513,908.

The Legislative Council's proposed budget of \$96,461

was well below the \$121,733 budgeted in 1959-61.

Burney noted that he was "satisfied" with the supporting information presented by Jack Rodgers, director of the council.

The Clerk of the Legislature's bid for \$62,219 is just under the current budget of \$64,213, Clerk Hugo Srb reported.

Conducting the hearings was Tax Commissioner Forrest Johnson.

Hearings will resume Tues-

day

at 9 a.m. in the governor's office. Among agencies to be heard at that time are the state treasurer, attorney general and railway commission.

Half A Million

Oslo (UPI) — The number of automobiles in Norway is expected to pass the half million mark by Jan. 1, the government reports.

Colombo, Ceylon (UPI) — The Senate ratified a decision by the House of Representatives to bring all schools now run by religious bodies under state control. The vote was 196 with 2 abstentions.

In a speech, Mrs. Sirimavo Bandaranaike, the prime minister, replied to a Roman Catholic allegation that she

was inspired by communists. The bill affects the 750 Roman Catholics schools in Ceylon.

Hair Necessary

Zurich, Switzerland (UPI) — Otto Sutter, a Zurich barber, offered Kennedy-type haircuts to customers with adequate hair.

"I am not scared by the communist bogey," she said. "I have a will of my own and will not accept dictation from anybody."

Commission Supports City Bus Line Changes

The Lincoln Traffic Commission voted Tuesday to recommend that the City Council approve the Lincoln City Lines proposal for loop routing and centralized loading in the downtown area.

The proposal, as explained by City Lines Supt. Leo Whitson, includes routing of all coaches west on N to 10th, north on 10th to O, and east on O to their respective routes, with 4 centralized loading zones.

The loading zones would be located in the blocks between 10th and 11th, and 12th and 13th on the north side of N and the south side of O Streets.

According to Whitson, the coaches would all be routed into the zones at store closing times in order that more shoppers and employees might have easier access to them.

Raymond Bauer, Lincoln Seaman, Dies In Hawaii

A 22-year-old Lincoln native seaman died in Honolulu of a ruptured appendix and pneumonia.

He was Raymond Phillip Bauer, son of Mr. and Mrs. Harry M. Bauer of 7220 Holldrege.

Seaman Bauer was stationed with the United States Navy in the Hawaiian capital. He enlisted about 2½ years ago.

He lived in Lincoln 18 years and was born in Clay Center, Kan. Bauer attended Northeast High School two years before enlisting.

He is survived by his parents, 3 brothers, Leighton and William, both of Lincoln, and Sherman of Chicago; two sisters, Mrs. Edmund Rucci of Hartford, Conn., and Mrs. Robert Bundy of Ashland; and grandparents, Mrs. Nettie Bauer of Clay Center, Kan., and Mr. and Mrs. John Jones of Palmer.

17 Stalls Lost

Asst. Police Chief Willis Manchester said the new zoning would create a loss of 17 parking stalls to the city. He explained that this resulted from not being able to install meters in all places where the present bus stops are since several loading zones for cabs and customers are necessary there.

Walgreens .. Your Christmas Gift Stores

The telephone man came the other day and disconnected the teen-age telephone. And a gloomy quiet descended upon the manse.

The telephone was disconnected for disciplinary reasons.

It was put in as a reward. It was pulled out as punishment.

The Bell Telephone company giveth and the Bell Telephone company taketh away.

This adds something new to the field of communications—something beside the 10-cent call, the unit system and the wonderful way AT&T splits itself when I haven't a crying share of the stuff.

It adds the field of human emotions. Crime and punishment.

It complicates an already complicated instrument.

I wonder what Alexander Graham Bell would think if he knew his invention is now being used to penalize teen-age girls.

While this act seemed absolutely unmerciful—and a good deal of bitter talk has been going on; it has been going on via the family telephone which has become clogged again with teen-age calls.

It really is a question who is being punished.

While this act seemed cruel, I have been shedding little rays of light around. Silver lining stuff.

Like: "I sometimes wish I did not have a phone. So people could not call me from lunch in New York and get me out of bed."

Or I say: "How nice it must be to have that long telephone cord out of the way so you do not trip over it."

Or, "One thing you can say about not having a telephone: You do not have to sit around and wait for somebody to call you."

I must say that my cheery efforts have been received most cheerlessly. Even churlishly.

Personally, I think a telephone can be a deadly instrument. Mr. Alexander Graham Bell hooked up the first phone

Kids Disrupt Race Mixing

New Orleans (P) — Temperamental teen-agers — running in packs of 100 to 200 — broke the peaceful mixing of the races in New Orleans public schools Tuesday.

Forays of youngsters of both sexes melted away from the nervous feet of police horses in an abortive attempt to break police lines around McDonogh 19 School.

Police arrested at least 11 persons, including a blonde girl who bit the hand of an arresting officer, and a deputy sheriff from neighboring St. Bernard Parish.

The teen-agers put into action the better-controlled anger of parents who shouted derisively as 4 6-year-old Negro girls entered two white schools for their second day of integrated education.

At William Frantz School, the other building integrated, police arrested a man for carrying a concealed weapon. The weapon turned out to be a toy pistol.

The one Negro first grader

at Frantz left with her mother and 3 federal marshals at 2:29 p.m., while the 3 at McDonogh left school at 2:36 p.m., about a half-hour ahead of closing time. Taunts and jeers greeted the departures at both schools.

At the Frantz School, an unidentified 16-year-old white boy was arrested for throwing an egg. He missed his target if he had one.

Police massed 125 patrolmen and mounted officers around McDonogh and after the first attempt to crack their lines sealed off an area two blocks around the 3-story gray building on busy St. Claude Ave. They allowed only heavy trucks to pass and ranged for blocks around the neighborhood.

Thirty minutes later, roving police broke up a marching group of 200 placard and flag-carrying white teen-agers 10 blocks from the school, turning the procession toward downtown New Orleans.

SUN-SPAWNED STORM SWEEPS EARTH

Washington (UPI) — The worst sun-spawned magnetic storm in a decade swept the earth Tuesday, producing a global communications situation which experts said "couldn't be much worse."

No letup was in sight. Even as the bombardment hit, another gigantic eruption tore the sun's surface and aimed another mass of particles earthward.

Tuesday's blowup was the third in less than a week. One scientist described it as one of history's "very great solar events."

A global warning network run by the International Geophysical Year to alert communications facilities reported that disturbance of the earth's atmosphere had been

come "extremely severe" by 5:30 p.m. CST.

One monitoring station reported that shortwave contact between New York and London was all but impossible.

The current bombardment of solar particles, and the one expected from the new sun eruption, also was expected to result in a new display of the Aurora Borealis — popularly known as the "northern lights."

Scientists expected the debris from Tuesday's sun explosion to hit the earth's ionosphere — a canopy of charged particles encircling the globe — by Wednesday night at latest.

James Weldon, director of IGY's world warning center,

said the current solar flares theory was "very controversial." Weldon said it was "possible but not provable."

The communications tie-ups between New York and London are among those most severely affected, Weldon said.

Local radio and television are not seriously impaired because their signals are not bounced off the ionosphere, which absorbs a great volume of the solar particles and becomes a poor reflector.

But one official at the National Bureau of Standards said major magnetic storms of this sort often produce some trouble with long-distance power, telephone and telegraph lines.

How to Judge the Value of Your Newspaper

Have you ever judged the value of your newspaper? What it actually means to you and your family? Then, let's pause a second and analyze its true value.

Right from the very first page to the last, your newspaper is packed with all the latest news about your community, your state, your nation and the whole world. Also, there's market and financial news and sports coverage. For mother, there are features that appeal to her whether it's fashion . . . social events . . . homemaking or a dozen other feminine interests. Too, both young and old always find the comics entertaining. In all these and many other fields, you'll find The Lincoln Star a complete family newspaper . . . a newspaper that becomes a family affair every weekday morning.

THE LINCOLN STAR

Your Capital City MORNING newspaper

What is distinctive about METRECAL™ the new concept for weight control?

Metrecal, the original brand of dietary for weight control, helps you lose weight safely, without resorting to complicated diets or complex calorie counting. Developed to meet exacting medical standards, Metrecal is supported by long-term clinical validation.

Metrecal was introduced a little more than a year ago. Its aim: to provide a judicious method of weight control, incorporating sound nutrition, appetite satisfaction, and convenience. Our continuing admonition: consult your physician concerning the problems of weight control.

Metrecal is a scientifically balanced food that makes possible accurate control of caloric intake while providing all the known essential nutrients required for a sound reducing program; and Metrecal contains no drugs or appetite depressants.

Metrecal has the flexibility to meet the needs of the individual user. For rapid weight loss, Metrecal may be used as the total 900-calorie daily diet. Metrecal is a most useful aid in the long-range maintenance of desirable weight, as part of a well-balanced diet. To lose weight more gradually, or to maintain a desired weight, the amount of Metrecal used may be increased, it may be used for one or two meals a day, or as the total diet on selected days.

Why Metrecal is distinctive

Many factors set Metrecal apart. These include:

- *The new concept*—The measured calories of Metrecal provide, for the first time in one product, a complete formulation designed expressly for weight reduction. Hence Metrecal supplies: the means to achieve effective weight loss through accurate control of caloric intake on a program that is nutritionally sound, appetite satisfying, and convenient.
- *Clinical validation*—Before Metrecal was introduced, its effectiveness was proved in extensive, long-term clinical studies, all conducted under strict medical supervision. Continuing studies are providing ever-increasing evidence of

the value and versatility of Metrecal.

- *Quality of product*—The ingredients of Metrecal are meticulously chosen and manufactured to exacting pharmaceutical standards. Metrecal powder, for example, is subjected to a total of 396 separate quality control tests.
- *Range of choice*—Metrecal is available nationally in both powder and liquid form, in a selection of sizes and flavors tailored to the needs of your taste, method of use, and purse.

What Metrecal can do

Overweight persons lose weight through the use of Metrecal simply because they take in fewer calories than are required to maintain weight. Most important: they lose weight safely without resorting to complicated schedules or complex calorie counting. Users of Metrecal are remarkably free from hunger. The appetite is satisfied.

Clinical studies under the careful supervision of physicians have shown that at the 900-calorie level, the use of

Metrecal resulted in highly satisfactory weight loss.

What Metrecal cannot do

Metrecal is not a miracle cure for overweight. For example, it cannot provide the necessary will power for weight reduction and maintenance. However, it is not difficult to stay on such a diet with Metrecal since little, if any, hunger occurs after the first day or two.

How Metrecal is available

Metrecal is available nationally both as a liquid and as a powder. The liquid is in handy eight-ounce cans, ready to drink. Each can of liquid provides an individual 225-calorie meal.

The powder is in 1/2-pound cans and economy-size 3 1/2-pound cans. One-half pound of powder, when mixed with water, provides the total daily diet in the 900-calorie program.

Metrecal comes in a variety of delicious flavors: chocolate, vanilla, butterscotch, and the new orange.

The importance of the physician in problems of weight control

Individuals who are grossly overweight, those intending to diet for a long period of time, persons with diseases of the heart, blood vessels or kidneys, and persons with other medical disturbances such as diabetes or liver disease, should always have their physician's approval before undertaking a weight-reducing program.

Indeed, it is wise for any person contemplating weight reduction to consult his physician.

MEAD JOHNSON & COMPANY, Evansville 21, Indiana

Fun News In Suburbia

COUNTRY CLUB TERRACE

It is our pleasure to introduce this morning little Bradley Lewis Johnson, son of Mr. and Mrs. Lowell C. Johnson. The young man made his appearance on Tuesday, Nov. 8, at Lincoln General Hospital. Mrs. Johnson is the former Nancy Lewis of Fremont and a member of Delta Gamma at the University of Nebraska. And young Bradley could be a future member of a Kappa Sigma pledge class as his father is a member of the fraternity.

The paternal grandparents are Mr. and Mrs. Everett R. Johnson, and Mr. and Mrs. Stephen Lewis of Fremont

are the maternal grandparents.

And we should mention that Mr. and Mrs. Edward Hirsch and their son, Roger, journeyed to Lawrence, Kan., a week end ago. They were among the fans at the Kansas-Nebraska football game.

On the guest list in suburbia is the name of Mrs. Leo Flaherty, a former Lincoln resident who now lives in San Diego. Mrs. Flaherty arrived the first part of the month for a month's visit at the home of her daughter-in-law, Mrs. Jerry Flaherty, and grandchildren.

And we heard that Mr. and Mrs. A. A. Olson are now on an eastern trip. They left early in November with their

first stop in New Hampshire then on to Boston. They will conclude their two-week vacation in New York City where they will visit Mr. Olson's son-in-law and daughter, Mr. and Mrs. Harry Basch.

Incidentally, Mrs. Basch is known in theater circles on the east coast by her professional name, Leesa Troy.

Looking into the future we find that several suburbia families already have made plans for the observance of Thanksgiving.

Motoring to Council Bluffs for the week end will be Mr. and Mrs. Byron Darrington and their family. They will be the guests of Mr. Darrington's mother, Mrs. Izetta Darrington, who is hostessing a family reunion.

And moving to Omaha recently was the Olin F. Shannon family. Their mail is being forwarded from their Indian Village address, 1660 Otoe, to 1302 So. 60th, in Omaha.

Spending Thanksgiving at home will be Mr. and Mrs. Merle Brestel and their three children. Joining the Brestel family for dinner that day will be Mr. Brestel's parents, Mr. and Mrs. R. L. Brestel, of Chappell.

INDIAN VILLAGE

The welcome mat is out this morning for A2c. and Mrs. Larry L. Eyman and their six-month-old son, Jeffrey Lee. Formerly living at 2905 Orchard, the Eyman family moved Saturday to 1416½ Pawnee.

And moving to Omaha recently was the Olin F. Shannon family. Their mail is being forwarded from their Indian Village address, 1660 Otoe, to 1302 So. 60th, in Omaha.

er is the former Paula Broady, daughter of Dr. and Mrs. Knute O. Broady of Lincoln. Other members of young Martin's immediate family circle are his sister, Kimberly, who will be two years old next month; and his paternal grandparents, Mr. and Mrs. W. J. Wells.

We suspect that everything depends upon how you like your activity. Personally we prefer the type we have at home to the variety that seems to be popular in the Congo, Vietnam, Cuba, Latin America—and points east.

We'll take our activity tinged with music, with art—and a combination of both when it comes to the thea-

ter. We are able to find all of that in Lincoln.

Next Sunday evening, for example, the University of Nebraska Orchestra presents its Fall Symphony Concert with Ellen Paull of the New York City Opera Co., as guest artist. Miss Paull will include arias from "Madame Butterfly" in her program.

And since we seem to be touring the University of Nebraska, let's take a look at the Art Galleries where, early in December there are to be two lectures on art. These will be presented by Dr. Hans Huth of the Art Institute of Chicago.

We wondered if Norman Geske, director of the galleries and the department of art, had made any visits to the eastern Art Galleries in preparation for the Nebraska Art Association's spring show. We learned that he already has begun work on the show, but that he will be in New York and other eastern cities shortly after Christmas, and then will complete plans for the Art Association event.

In the immediate future is a meeting of the Parlez Vous Francais Club on Friday evening. The group will have Mrs. L. F. Holt, 901 Mulder Dr., as its hostess.

Announcing her bridal party this morning is Miss Venetta Trogdon who will become the bride of Ted Newman on Sunday, Nov. 20. The afternoon ceremony will be solemnized at the Northeast Congregational Church.

Miss Trogdon has chosen Miss Sharon Beets of Omaha as her maid of honor. The bridesmaid will be Cheryl Newman, and Ronald Newman will be ringbearer.

Lighting the candles for the three o'clock ceremony will be Mrs. Larry Newman. The flower girl will be Cheryl Newman, and Ronald Newman will be ringbearer.

Serving as flower girl as best man will be Larry Newman, and the crops of users will include Gary Null, Tom Fisher, James Mahoney, and Larry Colmer.

News from Los Angeles tells us that Miss Beverly Belote, talented ballerina and daughter of the Rev. and Mrs. Francis Belote of Lincoln, is filling a 12-week engagement at the Los Angeles Statler-Hilton Hotel.

Dear Abby-- Abigail Van Buren

DEAR ABBY: This morning I received a telephone call from a man who would not tell me his name. He just told me to give my husband a message. The message was please—to stay away from his wife. I almost fainted. He said his wife worked with my husband and if I gave my husband that message he would know who the woman was. I gave him the message and he said somebody must be playing a joke on me. I am expecting in 3 months and am so upset and nervous I can't think about anything else. Should I believe my husband or try to get to the bottom of it?

NERVOUS AND UPSET

DEAR NERVOUS: An anonymous telephone call is not worthy of your consideration. It could have been a "joke," a trouble-maker, or a wrong number.

DEAR ABBY: I wear glasses. I have had a boy say to me, "I wish you would take off your glasses when I am trying to kiss you." Well, Abby, how is a girl supposed to know when a boy is going to try to kiss her? I would feel pretty foolish taking off my glasses when he didn't even have it in mind.

FOUR EYES

DEAR FOUR EYES: When you find approximately twelve inches between your nose and his nose—if the time, place and the boy are right—slip your glasses off.

DEAR ABBY: You stated that Judo was short for Jiu-jitsu. You are mistaken. Judo is a sport and Jiu-jitsu is the weaponless art of self-defense in which the aggressive movements of the attacker are used against him.

The bidding:

North East South West
1 ♠ Pass 1 ♣ Pass
3 ♠ Pass 4 ♦

Opening lead — king of hearts.

The safety play assumes so many different guises and occurs under such varying circumstances that there is not much point in trying to memorize its multiple forms. It is far better to study the reasons behind a safety play and apply the underlying principle as each new situation comes along.

South is in four spades. He wins the heart lead and plays a low spade, East producing the nine. Which card should declarer play from his hand?

It can be seen that if he plays the king, he goes down, losing three trump tricks and a heart. The king is the wrong play, however. South should play low on the nine. If he does, he makes the contract.

The duck of the nine therefore never loses the contract, but sometimes makes it, and is consequently the right play.

This conclusion is not based on a peek at the East-West hands. There are sound reasons why South should duck the nine.

Declarer has the contract made provided he does not lose three trump tricks. All his efforts are therefore directed to avoiding the loss of three spade tricks.

When the nine appears, it is plain that the contract is down if East has all four outstanding spades, regardless of what South plays at this point. This possible division is therefore dismissed from consideration. Similarly, if the nine is the only spade East has, South's play makes no difference since he is bound to lose three spades and go down.

The only pertinent cases are those where the spades are divided 2-2 and those where East has three spades including the nine.

If the spades are 2-2, East may have A-Q-9, Q-9, or J-9. Ducking the nine makes the contract in all three cases, though it is true that playing the king gains a (30-point) trick in the first case.

If the spades are 3-1, East may have A-Q-9, A-J-9, or Q-J-9. Ducking the nine makes the contract in all three cases, but playing the king loses the contract if East happens to hold Q-J-9.

The duck of the nine therefore never loses the contract, but sometimes makes it, and is consequently the right play.

• • •

It can be seen that if he plays the king, he goes down, losing three trump tricks and a heart. The king is the wrong play, however. South should play low on the nine. If he does, he makes the contract.

The duck of the nine therefore never loses the contract, but sometimes makes it, and is consequently the right play.

MISS EUNICE HARLAN

A former Lincoln resident, man, and Mrs. John Foster, assistant, are in charge of arrangements for the workshop, which will be attended by the more than 200 Beta Sigma Phi members in the city.

A graduate of the University of Nebraska, Miss Harlan was a member of the Lincoln Schools faculty and active in the organization of Beta Sigma Phi in Lincoln. After serving as director of Kappa Chapter in Lincoln and as traveling field secretary, she joined the sorority's international staff in Kansas City in 1935 and currently is vice president and director of chapter service.

The workshop will begin at 9:30 o'clock Sunday morning at the Capital Hotel and will include panels and open discussions on various aspects of the sorority, a luncheon, and informative skits.

Miss Myra Metcalf, chair-

CHATTER —in the— CORRIDOR

BY JEAN PERRIN
Howdy!

What are the jobs of our county officials? How do they perform their tasks from day to day? These will be typical of the questions asked when fifteen Lincoln High students participate in County Day, November 30. Students elected to county offices were:

Rod Walker, assessor; Beverly Harris, attorney; Georgie Kaufman, clerk; Susan Hossack, commissioner; Judy Heilig, clerk of the District Court; Jackie Wammore, engineer; Becky Haas, judge; Georgia Merriam, register of deeds; Jackie Holmes, sheriff; Mark Waybright, superintendent of schools; Peggy Fry, treasurer.

Those students who will be learning about the work of our appointed officials are:

Larry Traudt, Civil Defense Director.

Janet Zastrow, Extension Agent.

George Evans, Juvenile Probation Officer.

Madam Chairman

Mrs. JayCees, bowling, 9 o'clock, Hollywood Bowl. LAFB Officers Wives Club, 9:30 o'clock all-day bridge, Officers Club.

Jay-Husker Girl Scouts, neighborhood 8, 9:30 o'clock, Sheridan Baptist Church.

Havelock YWCA, covered dish luncheon and World Fellowship program, at the center.

Junior Woman's Club of Lincoln, silver tea, Legion Club.

International Wives Club, 3:30 o'clock, YWCA.

Mrs. JayCees, sewing and crafts group, 8 o'clock at the home of Mrs. Robert Becker, 219 Witherbee.

Square dance and fashion show, 8 o'clock, National Guard Armory.

YM-YW Adult Coed Club, 7:45 o'clock bridge party, 7:30 o'clock, YMCA.

Soroptimist of Lincoln, 6:30 o'clock dinner, Hotel Cornhusker.

AAUW, Lincoln branch, 6:15 o'clock dinner, Cotner Terrace.

Gamma Phi Beta Alumnae, 7:30 o'clock at the home of Mrs. C. Ross Martin, 4635 Sheridan.

Lincoln Duplicate Bridge Club, 7:30 o'clock, Lincoln Hotel.

Women in Radio and TV, 6:30 o'clock dinner, Hotel Cornhusker.

Phi Delta Theta Alliance, 8 o'clock dessert at the home of Mrs. John J. Wilson, 3000 Georgian Ct.

Kaye Gingrich, Welfare Director.

Lincoln High juniors Bill Fry, Susan Hossack, Wallis Lundeen, and Susie Marshall have been chosen as candidates for the American Field Service program of travel or study abroad. Although these students were chosen by a local AFS committee, final selection will be made in New York by the national office staff. One or more of the LHS students may be selected for a three months trip abroad next summer, one or two terms of study in a foreign high school next fall, or study in New Zealand from next January until September.

Lots of luck to the finalists—we hope Lincoln High students may again take part in the AFS program.

Still more spirit! Last week dedication ceremonies were held for the "sacred L" which was recently painted on the floor of our student lounge. Students show their spirit and respect for Lincoln High and its traditions by not stepping on the L.

To Be Guest

A guest in Lincoln on Wednesday will be Mrs. C. A. Fischer of Denver, province alumnae director of Gamma Phi Beta sorority, who will visit the Lincoln alumnae group.

On Wednesday evening, Mrs. Fisher will meet with the alumnae at 7:30 o'clock at the home of Mrs. C. Ross Martin, 3645 Sheridan.

"You know...
that does
make sense..."

...if curling the dough kneads it better,
Butternut Bread would be more tender."

You've got the idea! Yes, Butternut tender-curls the dough, stretches the bread-cells. Makes it tender. Presses out air bubbles, too...so the bread stays fresher. Gives it a smoother, more even texture. And the extra baking time this new loaf gets gives it a better flavor. No, we haven't changed the fine Butternut recipe. Everything's the same except the curl. That's the trick! This TENDR-KURL® method does good things for bread.

Now it's Tender-Curled

Look what Dodge has done for everybody!

A FULL-SIZE DODGE PRICED MODEL FOR MODEL WITH FORD & CHEVROLET

DART!!

That good-looking automobile shown above is a 1961 Dodge Dart!! Dart doesn't look, ride or feel like a low-price car. Yet, it sells for the price of a Ford or Chevrolet. But that's where the comparison ends. With Dart you get Dodge room, comfort and quality throughout. You get a ride that has been repeatedly called "the best in the business." You get a rust and rattle-proofed unitized body. You get an alternator-generator that'll make the battery last a lot longer than usual. You get a choice of 23 different models: sedans, hardtops, wagons, a convertible. With gas-saving six or V8 engines. That's Dart!! And Mister, that's value. Go see the man who sells 'em. Your dependable Dodge Dealer.

GET VALUE / GET DODGE

Crack-Down On Teenagers Ordered

Omaha (P)—The crackdown to decide on a course of action.

came Tuesday on teen-age drivers who ignore the law.

The order came from Mayor John Rosenblatt following two major traffic accidents involving teenagers. Six young people were killed late last month in one accident, 8 persons were injured in another Saturday night.

Rosenblatt told Police Chief C. Harold Ostler, Police Inspector Jean Whinnery and City Attorney Herbert Fittle

consumed, water pumped, postal receipts and newspaper advertising — Nebraska showed a 9.3% increase over a year ago.

Prepared by the University of Nebraska department of business research, the Bulletin recorded these business gains:

Holdrege, up 18.5%; Alliance, 14.8; Lincoln, 11.0; McCook, 10.7; Fremont and Omaha, both 8.8; Broken Bow, 8.4; Falls City and Scottsbluff, both 7.0; Norfolk, 6.6; Columbus, 5.9; Kearney 5.2; Sidney, 4.4; North Platte, 3.3; York, 3.0; Grand Island, 2.8; and Hastings, 0.7.

Reporting decreases were Chadron, down 9.4; Nebraska City, 2.6; and Fairbury, 0.5.

The city-by-city index for September retail sales, adjusted for seasonal and price changes are:

| | % of Sept. 1959 | % of Aug. 1960 |
|-----------------------------|-----------------|----------------|
| Omaha | -0.4 | 2.6 |
| Lincoln | -7.0 | 8.7 |
| Grand Island | -12.2 | 4.2 |
| North Platte | -1.0 | -1.1 |
| Fremont | -4.6 | -3.5 |
| Franklin | -2.5 | -10.2 |
| McCook | -1.4 | -4.4 |
| Broken Bow | 14.5 | 6.1 |
| Columbus | 2.8 | 5.6 |
| York | 0.8 | 6.6 |
| Kearney | -6.1 | 1.3 |
| Alliance | 23.1 | 5.8 |
| Nebraska City | -1.2 | -1.7 |
| Norfolk | -3.3 | -11.2 |
| Falls City | 11.8 | 12.3 |
| Holdrege | 16.2 | 6.7 |
| Central City | -1.4 | -1.6 |
| Beatrice | 7.9 | 7.7 |
| Sidney | -1.6 | -12.4 |
| Belleview | 0.4 | -21.5 |
| Counties | | |
| Antelope | 6.4 | 5.4 |
| Cass | 8.4 | 42.0 |
| Cloud | -2.8 | 8.3 |
| Dawes | -0.7 | 8.2 |
| Douglas (including Chadron) | -5.8 | -10.1 |
| Douglas (excluding Fremont) | 7.2 | 7.0 |
| Franklin | -2.2 | -14.9 |
| Garfield | 1.9 | 4.5 |
| Saunders | 7.5 | 2.0 |

The result will include an increase of the police traffic force from 7 to 20 men on Friday and Saturday night.

Two men will be assigned to a so-called "drive-in strip" on Dodge Street.

The city legal staff will prepare legislation to offer at the next session of the Unicameral to tighten laws on revocation of teenagers' drivers' licenses and give officials more power to impound vehicles.

Mizzou Goes Nuts Over No. 1 Rating

POINT BLANK

By Don Bryant

Sports Editor, The Star

What Happened?

One of the real stunners of the 1960 football season has been the flop of the Oklahoma Sooners.

And the term "flop" is used regardless of what OU does in its final two games—Nebraska, another team that certainly didn't live up to expectations, and Oklahoma State.

Oklahoma can't have a winning season since the best mark now possible is 4-5-1.

Heading into the game with the Cornhuskers at Norman Saturday the Sooners have a 1-3-1 Big 8 record and a 2-5-1 season record.

This is a far cry from the Norman Conquerors of old, who have never before known a losing season under Bud Wilkinson.

The Oklahoma situation is different than the one at Nebraska, even though both clubs collapsed last fall. Nebraska hasn't been a power for two years. The Cornhuskers have been struggling for two decades to gain respectability and the 1960 season can be chalked up to just an extension of mediocrity, disappointing as that may be.

But the Sooners were mighty, unparalleled rulers of the Big 8 for what seemed like a generation. They always had superior players and their coaching was considered supreme. So what happened? Why did Oklahoma suddenly skid? Why did the liege lords abdicate and join the Big 8 peasants?

Two Theories

Many theories can be advanced, but the two most pertinent, it seems to me, are: (1) Oklahoma created a "monster" that finally grew up to engulf it; (2) the Sooners have not been getting, nor do they have, the vastly superior type of personnel they once enjoyed.

On the first point, it is an established fact that Big 8 schools were forced into competition by Oklahoma. In order to survive, they went out to out-Oklahoma the Sooners.

Huge sums of money were collected, recruiting was intensified, coaches were shuffled in and out—all aimed at catching up with Oklahoma.

Evidence Aplenty

The rise to prominence of such schools as Missouri, Kansas, Iowa State and Colorado supply solid evidence. And certainly Nebraska, while it hasn't achieved like success, has been in the race, along with Kansas State and Oklahoma State.

With so much effort being exerted, it was only a matter of time before the gap would be closed.

There also can be no argument that the 1960 Sooners do not have as many outstanding players as their predecessors, good but not great. Thus, while some other schools have their improved personnel, Oklahoma has slipped in this department, creating the present situation.

This brings up the question: Why hasn't OU maintained its high level of recruiting? The comedian might crack, "because Bill Jennings isn't there anymore," but that's not the real reason.

NCAA Hurts?

In Soonerland, many people believe the OU downfall has been caused by NCAA probation. Wilkinson, regardless of how he feels about this point, explains it this way:

"Actually, the only reason we don't have a better record is that we did a poor job of recruiting three years ago."

Has the NCAA hurt OU recruiting? That won't be known for at least one year. The current Sooner freshman team is numerically the same as those in past years.

There are 44 boys on scholarship, including 31 from Oklahoma, 9 from Texas, 2 from Colorado and one each from Kansas and Illinois.

Dr. George L. Cross, president of OU, and Dean Earl Sneed Jr., OU faculty representative, both believe the NCAA probations could be detrimental.

In a recent Associated Press interview, Dr. Cross said: ". . . I assume if it is continued indefinitely it would hurt Oklahoma's athletic program . . . It has hurt a little financially by losing television money but the athletic program is about the only solvent one we have."

Dean Sneed was quoted as saying: ". . . the consensus is that this probation is not good for us and is hurtful more so as time goes on . . . I don't think it has hurt much at the present but it could appreciably in the future. I can't help but think that youngsters would be cognizant of the fact they wouldn't get to go to a bowl game or appear on television by playing at Oklahoma."

Well, the debate no doubt will continue. But one thing is positive—Saturday's game at Norman will match a team which has risen to the heights and has descended against a team that hasn't had much success and is still struggling.

We Deserve It Claims Devine

. . . FIRST TOP RANKING EVER

Columbia, Mo. (AP)—"What do you think of our fabulous Tigers?"

That's the kind of remark you hear everywhere in Columbia when two or more persons meet.

The word that Missouri was ranked No. 1 in the Associated Press football rankings — first time the team ever achieved this distinction — spread like the wind Tuesday.

Everyone around here had been expecting it though, ever since Missouri knocked off Oklahoma 41-19 Saturday.

No Doubt

"There's no doubt that we deserve to be No. 1," said Dan Devine, head Missouri coach.

"This team deserves the honors it's been getting. The boys have worked hard for it, and I firmly believe we should be No. 1."

The players echoed the coaching staff's elation.

"Ever since I was a kid I have dreamed of playing on the No. 1 team in the nation," said Dan LaRose, candidate for All-America end.

"That's great," shouted a happy quarterback, Ron Taylor, 5-8 junior who has master-minded the Tigers' multiple offense in running up a 9-0 record.

State Happy

"We've made a lot of our home state people happy," Taylor added.

"I've always dreamed of whipping Oklahoma," said tackle Ed Blaine. "But being No. 1 — that's almost too much to hope for."

Back in 1948 Missouri was ranked 3rd for one week, and the 1939 and 1941 teams were considered great clubs, but there's something different about Devine's 1960 outfit that has Missourians talking football like never before.

"This is the greatest Missouri team in modern history," said athletic director Don Faurot, who coached the Tigers 19 years, All But Game

Scout Monroe sums up the Sooners this way: "Missouri beat them 41-19, but I was really impressed with Oklahoma. They've got a fine of

including the powerhouse teams of 1939, '41 and '48.

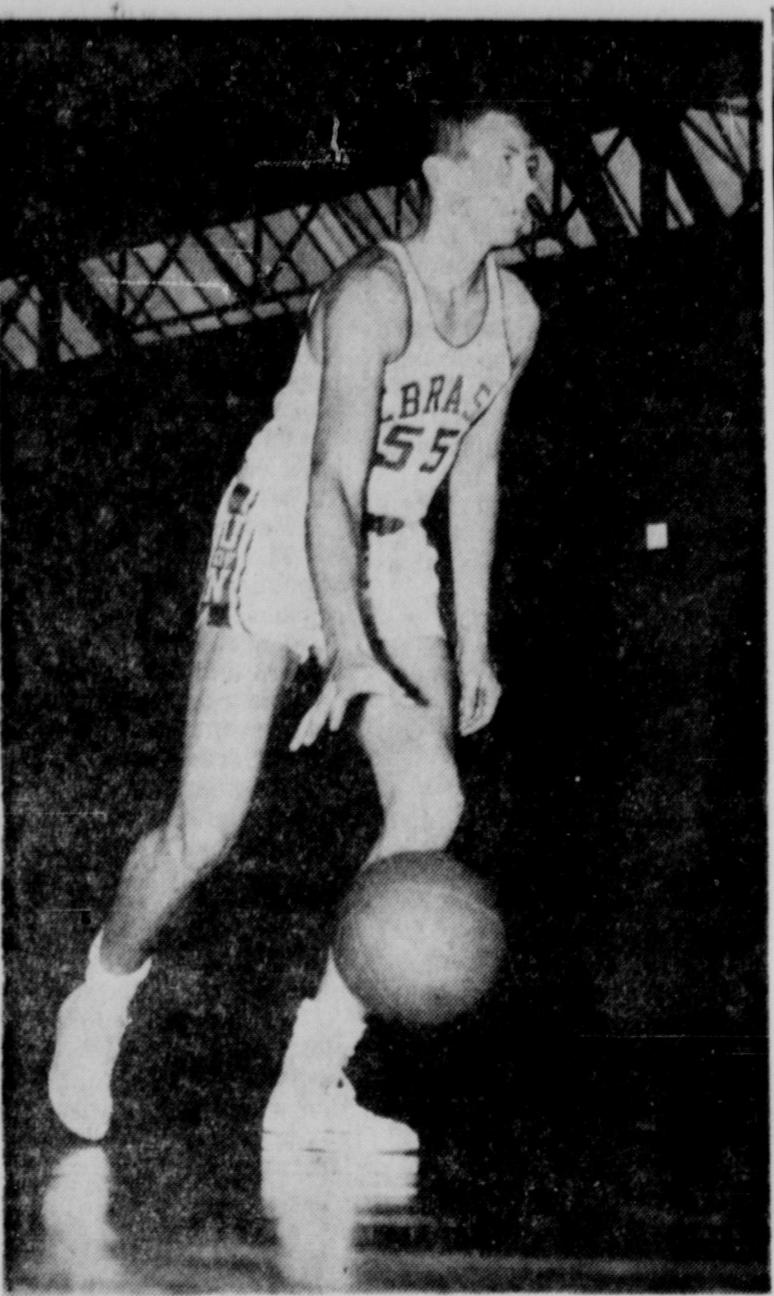

Play As Team

"Their personnel isn't as great as some of the teams of the past, but they all play as a team. They've done wonderful things for the school and the state."

Prof. Arthur Nebel, Missouri's Big 8 Conference faculty representative, said:

"I feel the boys certainly deserve it. When you mix desire with technical proficiency, as this team has, you have to come up with a winning combination. Other schools and fans have commented on the conduct of the boys. They've made a tremendous impression across the country."

Downtown business men chipped in their praise.

NEW HUSKER CENTER

Tommy Russell, 6-7 center, will make his debut for coach Jerry Bush's Nebraska Cornhuskers when the Husker varsity meets the freshmen team as part of a doubleheader at NU's Coliseum Nov. 28. Besides the basketball game, NU's varsity and frosh wrestling teams will tangle.

Huskers Not Listening To Talk About Sooners

... SCOUT INDICATES OKIES ARE STILL TOUGH

Coach Bill Jennings and the Nebraska Cornhuskers don't take very seriously the reports that Oklahoma "ain't what she used to be."

With all this in mind, Jennings ordered a defensive scrimmage Tuesday afternoon.

"We've got to get ready for all kinds of Oklahoma formations, and they can come up with a lot," Bill said. "And that even includes the swinging gate they pulled up here a few years back."

One Sooner is causing considerable concern in the Husker camp — fullback Ronnie Hartline.

"He's a good one," Jennings said. "He out-gained the entire Missouri team a.m., rushing, 110 yards to 109."

Wednesday Jennings plans to hold an offensive scrimmage, with Thursday devoted to the NU kicking game and polishing.

Running on the No. 1 backfield unit Tuesday were Pat Fischer, quarterback; Pat Clare, left halfback; Clay White, right halfback; and Noel Martin, fullback.

Jennings said Martin played well Saturday against Oklahoma State.

The formal order for the sale, which includes 52 per cent of stock owned by the late Arnold Johnson, was expected to be signed today by probate judge Robert J. Dunne.

St. Louis Group To Land A's ... K.C. FIGHTS

Mrs. Warren Humes, remarried widow of Johnson, and the City National Bank of Chicago, co-executors of the Johnson estate, reached an out-of-court agreement to sell the stock in order to pay debts and taxes on the Johnson estate.

Arrangements by the bank also included sale of the 48 per cent of stock held by minority stockholders.

Reports in Kansas City, however, were that there has been no agreement for sale of the 48 per cent held by the minority stockholders and that a Kansas City group also bidding for the club would make strenuous efforts to buy all stock not held by Mrs. Humes.

The Stein group would be hamstrung if the Kansas City syndicate could purchase the minority shares.

In such a case, the Kansas City group could end up with the entire ball club.

Section 14, paragraph D, of Big 8 rules states:

"No member institution shall permit or allow any outside organization, agency or group of individuals to utilize, administer or expend funds for the recruiting of prospective student-athletes, including the transportation and entertainment of, and the giving of gifts or services to, prospective student-athletes."

Kansas officials, with whom the decision rests, think not Big 8 Conference and NCAA officials refuse to comment on the issue.

The NCAA probation was handed down primarily because Coan was taken on an illegal expense-paid trip to Chicago for the All-Star football game in the summer of 1959.

At the time, Coan was enrolled at Texas Christian University. He entered Kansas in September of 1959.

The NCAA has no provisions for penalizing an individual athlete involved in illegal recruiting methods.

Ineligible

Big 8 rules state specifically, however, that an athlete involved in such a matter shall be declared ineligible.

Forfeit Wins

If Coan were declared ineligible, Kansas would forfeit its 6 victories and one tie this season. The Jayhawks are undefeated in conference play, but were tied by Oklahoma.

Reaves Peters, Big 8 commissioner, said the decision on eligibility of players rests with the individual schools in the conference. He refused to comment further.

Dean Lawrence Woodruff, Kansas' faculty representative to the conference, said the matter had been explored thoroughly by the university's committee on athletic eligibility.

"We have taken the stand that Coan is eligible," Woodruff said. "We have played him since the NCAA probation, and we will continue to play him."

Not Prospect

"I in no way wish to defy the NCAA," Woodruff continued, "but we feel that at the time the trip in question was made, Coan was not a prospective student at the University of Kansas."

"And by not the slightest fancy of the imagination could Mr. Kenneth Adams be considered a representative or a friend of the University of Kansas."

Adams, owner of the professional Houston Oilers of the American Football League, took Coan on the trip to Chicago. Adams, who lives in Houston, formerly attended the University of Kansas.

—SHATTERS NBA RECORD—

Lakers' Baylor Hits 71 Points

New York (AP)—Elgin Baylor set a National Basketball Association individual single game scoring record Tuesday night with 71 points as the Los Angeles Lakers defeated the New York Knicks 123-108.

In the first game of the doubleheader at Madison Square Garden, the Detroit Pistons edged the Boston Celtics in overtime 115-114.

It was all Baylor as the Lakers, after being held to a 35-33 edge in the first period and a 63-58 margin at the half, went on to win convincingly to hand the New Yorkers their 10th defeat in 12 starts.

Baylor held the previous record of 64 points against Boston on Nov. 8, 1959 at Minneapolis.

He scored 34 points the first half for a new Garden record and his 15 field goals in that first half was also a record.

The burly 6-foot 5 star with a remarkable wrist, which enabled him to give the ball a corkscrew twist on his shots, had the crowd in an uproar throughout the second half.

Every time the Lakers would get the ball there would be a chant: "Give it to Baylor." When he was taken out of the game with 28 seconds remaining, he was given a standing ovation by the fans.

Baylor scored on 28 of 48 shots and 15 of 19 free throws in compiling his record total. The 28 field goals is also a NBA record.

The old mark of 27 was set by Joe Fulks of the Philadelphia Warriors on Feb. 10, 1949 against Indianapolis.

In the opener, the Pistons set a new rebound record, by pulling down 107 rebounds. This erases the old mark of 103.

—BOTH LEAGUES MUST AGREE ON L.A., N.Y. SHIFTS—

Frick Lays Down Moving Laws

New York (AP)—Baseball commissioner Ford Frick served notice to officials of the major leagues Tuesday that proposed American League expansion to Los Angeles and National League return to New York will be something more than routine business.

On the eve of an American League meeting here to work out further details of the establishment of a Los Angeles franchise for

ing there won't be.

"I have told all parties

concerned, however, that I will not accept just any kind of a rule amendment

to make the entry into Los Angeles possible."

"The rule cannot be amended until the joint major league meeting in St. Louis Dec. 7, but I will follow with great interest what decisions are made before then."

"I'm not saying there will be expansion to Los Angeles in 1961 and I'm not say-

ing that will be in the best interests of baseball now and in the future," he added.

That indicated that the decision taken in the Los Angeles case also would apply to National League plans to begin operating a New York franchise in 1962.

Frick previously has said he would vote in favor of expansion in case of a deadlock on any proposed amendment to rule 1.

"An agreement must be reached that will not only

Red Cross Director Plugs Water Safety ... SAYS HAZARDS INCREASED

Edmond J. Mongeon of St. Louis, midwest area director of first aid and water services for the American Red Cross, told members of the local chapter and guests Tuesday night that "when you have increased facilities, you have increased hazards."

Mongeon was the principal speaker at a dinner at the Red Cross chapter house.

Other guests included Mayor Pat Boyles, assistant fire chief Don Venter, Waverly fire chief Paul Snyder and Capt. Olin H. Witt of the Nebraska Safety Patrol.

Pointing to the growth in residential swimming pools, Mongeon said that in 1920 there were about 9,000 private pools, belonging mostly to the very wealthy.

"Today there are approximately 300,000 in the United States," he said.

Another problem confronting water safety people, according to Mongeon, is the increase in farm ponds because of soil conservation.

"There are about 20,000

Tar Heel Coach Gets Backing

Chapel Hill, N.C. (AP)—North Carolina football coach Jim Hickey, whose team has lost 7 of 8 games this season, was given what amounted to a vote of confidence by the university chancellor.

William B. Aycock said in a statement he will recommend to President William C. Friday and the board of trustees that Hickey's 3-year contract be renewed.

Hickey succeeded the late Jim Tatum last year. The team's losing record this season has brought criticism from some alumni.

Baptists Win

First Baptist A beat St. Paul Methodist A in the opener of the YMCA early bird basketball tourney Tuesday, 45-24. The meet continues today with games at 6, 7 and 8 p.m.

Bowling League To Begin In '61

Dallas (AP)—The National Bowling League will begin play in the fall of 1961 as previously scheduled, Dick Charles, the league commissioner, announced Tuesday.

Charles said he had heard from all 12 franchise owners and that he was very pleased with their compliance in meeting the requirements of the Nov. 15 deadline.

Tuesday was when they were to post their \$10,000 bonds or forfeit league membership.

In the league are Los Angeles, Dallas, Fort Worth, San Antonio, Omaha, Minneapolis, Kansas City, Chicago, New York, Birmingham, Miami and Detroit.

Jesse Owens Speaks

Omaha (AP)—Four hundred persons are expected Friday and Saturday for the annual convention of the Nebraska Assn. for Health, Physical Education and Recreation sponsored by the University of Omaha. Speakers will include former Olympic champion Jesse Owens.

"We need to increase water safety education, particularly when we note that on a recent holiday two different states recorded more drownings than auto fatalities," Mongeon said.

Referring to the growth in the boating industry, Mongeon said that there are more than 10,000,000 boat owners in the country and in 1959 Nebraska had more than 100,000 small-boat owners.

"It is estimated that only one out of 20 of these boat owners have taken operating and safety instruction," he said. "Legislation is part of the answer, but it certainly isn't the only answer. It is best to start an educational program that includes demonstrations."

Lucille Holtorf Tops BVL Gals

Lucille Holtorf used a 150-pin handicap Tuesday to take over first place in the women's division of the Bowlers Victory Legion tourney in progress this week.

She rolled a 476 and her handicap gave her a 626 total, replacing Shirley Olin as the leader. Ginney Engel's 623 also passed the early leader.

Bill Davidson held the men's lead with 666.

Men—1, Bill Davidson, Classic Scratch, 674-12-686; 2, Stan Terrell, Jaycees, 645-30-675; 3, Duane Sek, Midwest, 545-12-674; 4, Jim Clark, 645-21-665; 5, Don Wachter, Bush, 559-96-665.

Women—1, Lucille Holtorf, Pioneer, 674-12-568; 2, Shirley Olin, National Guard, 457-159-616; 4, Rexine Bretta, Hollywood No. 1, 339-75-614; 5, Marce Waddle, Hollywood No. 1, 511-99-

"We understand that the airline had \$50,000 insurance per seat," said Gerry.

Cooperstown, N.Y. (AP)—The Baltimore Orioles and Angeles Dodgers were named to play in the 1961 Hall of Fame baseball game on Monday, July 24.

It will be the 20th renewal of the exhibition game.

The Dodgers appeared in the 1943 and 1951 games when they were located in Brooklyn.

END DROPPED

Oakland, Calif. (AP)—The Oakland Raiders released end Al Hoisington. That cut the roster to 34, one below the American Football League limit.

The league—minus Peoria, Ill., and Wichita, Kan., this season—will be divided into Eastern and Western divisions. The championship will be decided March 19th in a meeting of division winners.

New York, Cleveland and Akron make up the Eastern Division with Seattle, Denver and Bartlesville's defending champs the teams in the Western.

Yale QB Honored

New York (AP)—Tom Singleton, Yale quarterback, is the Ivy League back of the week with hardly a dissenting vote after his performance in Saturday's 43-22 football victory over Princeton.

The Yale senior from Kenilworth, Ill., completed 6 of 7 passes for 119 yards, ran for 83 yards, kicked 39 yards on Yale's only punt, scored one touchdown and passed for 3 others.

Setting records because the compact Rambler offers 3 sizes to meet every purpose and help every purse!

No matter what you want in room, comfort, performance, economy—and especially quality—you'll be hundreds of dollars better off in one of the three Rambler sizes. That's why Rambler sales have broken records for 37 straight months. See how you save with Rambler: 1. Lower depreciation

—no radical annual changes mean higher resale value. 2. Lower maintenance—proved most trouble-free by all surveys. 3. Lower operating costs.

Strongest Guarantee of Any Popular-Priced Car

1. On all new Ramblers, the former standard warranty of 90 days or 4,000 miles is extended to 12 months or 12,000 miles, whichever occurs first. This warranty does not cover tire replacement covered by another warranty, nor normal maintenance.

2. New Ceramic-Armored muffler and tail-pipe are further guaranteed against defect for the life of the car while the original buyer owns it. This is an extension of the 12-month or 12,000-mile guarantee.

Small College Coach Gives Plea For Help

Philadelphia (AP)—John Potsklan, coach of undefeated and untied Albright College, Tuesday called for measures to encourage and stimulate small college football.

The former Penn State end told a Philadelphia Football Club audience that a national letter of intent would help prevent big schools from what he termed pirating prospects from the small college campuses.

"This year one of the southwest schools flew one of our boys out after he had already enrolled," Potsklan said. "It happened a year ago, too."

He did not identify the southwest school.

The letter of intent, adopted by some conferences, stipulates that once a boy has signed at one school, no other school in the same conference may touch him.

The rule has been adopted by the Atlantic Coast, Southeastern and Southwest Conference.

The rule, only talked about on a national scale, does not prevent one conference from hijacking an out-of-conference school athlete, however.

Potsklan also called for a new small college grouping system, by enrollment.

"We can't compete against schools like Ohio U. and Bowling Green," he said. "Ohio-U. has 12,000 students and it's listed as a minor college. We have 850. There ought to be a 3rd division for schools up to 1,500 students or so."

The coach from Reading, Pa., said there should be a moratorium on rules changes.

"There seems to be some movement back to the two-platoon system," he said. "I hope we don't have it. The larger colleges would need twice as many players and that would hurt us. As it is now, we have to stand in line at the high schools."

Cal Poly Gridders Suing For \$75,000 ... FOR INJURIES IN CRASH

San Francisco (UPI)—Attorneys for Cal Poly football players injured in an airplane crash that killed 16 of their teammates Oct. 29 Tuesday sued for \$75,000 damages for each of two players.

The firm of Belli, Ashe and Gerry said it had filed for the damages in San Luis Obispo (Calif.) court asking \$75,000 each for Robert Johnson and Carl Bowser, both hurt in the crash at Toledo, O.

Named as defendants in the accident were Trans-Air, Arctic Pacific and other concerns including the manufacturer of the plane.

"We anticipate filing damage suits for at least 5 others injured in the crash," said Richard Gerry. "And the relatives of some of those killed also have been talking to us."

Gerry said that when all the suits are filed that the damages asked would total more than \$500,000.

"We understand that the airline had \$50,000 insurance per seat," said Gerry.

Dodgers, Orioles in Fame Contest

Cooperstown, N.Y. (AP)—The Baltimore Orioles and Angeles Dodgers were named to play in the 1961 Hall of Fame baseball game on Monday, July 24.

It will be the 20th renewal of the exhibition game.

The Dodgers appeared in the 1943 and 1951 games when they were located in Brooklyn.

The league—minus Peoria, Ill., and Wichita, Kan., this season—will be divided into Eastern and Western divisions.

New York, Cleveland and Akron make up the Eastern Division with Seattle, Denver and Bartlesville's defending champs the teams in the Western.

Industrial Loop Opens This Week

By The Associated Press

Competition opens this weekend in New York for the National Industrial Basketball League. The competition will be decided March 19th in a meeting of division winners.

The league—minus Peoria, Ill., and Wichita, Kan., this season—will be divided into Eastern and Western divisions.

New York, Cleveland and Akron make up the Eastern Division with Seattle, Denver and Bartlesville's defending champs the teams in the Western.

DYAS AP BACK OF WEEK AFTER 3 FIELDERS AGAINST GEORGIA

By Associated Press
Auburn's Ed Dyas, who sets national collegiate records every time he kicks a field goal, Tuesday was named Back of the Week by the Associated Press for his pressure kicking in the Tie-

ers' 9-6 victory over Georgia Saturday.

3 More FGs

The 20-year old fullback from Mobile, Ala., accounted for all of Auburn's points with field goals of 24, 28 and 22 yards.

The last was booted with just 45 seconds left, despite a painful hip injury and a bad pass from center.

It was the 4th game Dyas has won for Auburn with his field goals this season and boosted his NCAA records to 12 for the season and 16 for his college career.

In addition, he rushed for 110 yards in 24 carries, outgaining the entire Georgia team by 33 yards.

Finest Fullback

"Dyas is probably the finest fullback in college football," said Georgia coach Wally Butts.

"I'm about convinced Dyas is the player of the year in the Southeastern Conference," said Furman Bisher, sports editor of the Atlanta Journal and a member of the AP's All-America advisory board.

Dyas was pressed for the

weekly honor by Jake Gibbs, Mississippi's versatile quarterback, Tom Singleton of Yale, Bernie Allen of Purdue, Norris Stevenson of Missouri and Joe Bellino of Navy.

Gibbs, in leading unbeaten, once-tied Mississippi to a 24-3 rout of tough Tennessee, completed 11 of 13 passes for 112 yards and one touchdown.

Yale Hero

Singleton passed for 3 touchdowns, ran for one and set up two with rollout runs in all-conquering Yale's 43-22 victory over Princeton.

Allen's passing sparked two touchdown drives, and he kicked a 35-yard field goal and two extra points in Purdue's 23-14 upset of Minnesota.

Nineteen years ago, Minnesota was the No. 1 team and Mizzou was No. 8, and the Tigers are making their first return trip this season. Minnesota was among the leaders in 1947-48-49.

Far down the list on the No. 56 peg is the University of Nebraska. Six of the teams the Huskers have played this season are in the top 31. The Dunkel system, a progressive index of difference by score, now ranks the national leaders as follows:

| | | | |
|--------------|-------|-----------------|------|
| Missouri | 111.6 | Illinois State | 75.3 |
| Minnesota | 111.5 | Tulane | 85.3 |
| Yale | 110.7 | Texas A & M | 85.3 |
| Mississippi | 109.5 | Houston U. | 84.5 |
| Ohio State | 107.1 | Oklahoma St. | 84.1 |
| Kansas | 105.1 | Florida | 83.3 |
| Arkansas | 104.1 | Maryland | 83.7 |
| Kentucky | 104.1 | Nebraska | 82.6 |
| Mich. State | 102.9 | Indiana | 82.5 |
| Arkansas | 102.8 | Michigan | 82.5 |
| Wisconsin | 101.8 | Arizona | 82.7 |
| Duke | 101.7 | Yale | 82.4 |
| Illinois | 101.7 | California | 81.8 |
| Michigan | 101.6 | Utah | 80.8 |
| Rutgers | 99.9 | Wash. State | 80.8 |
| L.S.U. | 99.5 | Detroit | 80.7 |

Missouri Rated Top By Dunkel

... HUSKERS NO. 56

Lincoln Star Special
Ormond Beach, Fla. — One of the pin-up teams of 1941 has replaced another at the top of the present college football rankings, according to the Dunkel Ratings.

Missouri, whose last appearance as a Top Ten finalist was in that year, has replaced last week's leader, Minnesota.

Nineteen years ago, Minnesota was the No. 1 team and Mizzou was No. 8, and the Tigers are making their first return trip this season. Minnesota was among the leaders in 1947-48-49.

Far down the list on the No. 56 peg is the University of Nebraska. Six of the teams the Huskers have played this season are in the top 31. The Dunkel system, a progressive index of difference by score, now ranks the national leaders as follows:

| | | | |
|--------------|-------|-----------------|------|
| Missouri | 111.6 | Tulane | 85.3 |
| Minnesota | 111.5 | Texas A & M | 85.3 |
| Yale | 110.7 | Houston U. | 84.5 |
| Mississippi | 109.5 | Oklahoma St. | 84.1 |
| Ohio State | 107.1 | Florida | 83.3 |
| Kansas | 105.1 | Maryland | 83.7 |
| Arkansas | 104.1 | Nebraska | 82.6 |
| Kentucky | 104.1 | Indiana | 82.5 |
| Mich. State | 102.9 | Michigan | 82.5 |
| Arkansas | 102.8 | Arizona | 82.7 |
| Wisconsin | 101.8 | Yale | 82.4 |
| Duke | 101.7 | California | 81.8 |
| Illinois | 101.7 | Utah | 80.8 |
| Michigan | 101.6 | Wash. State | 80.8 |

NCAA Refuses Bowl Free Subs

Jacksonville (AP)—The NCAA has turned down a request by Gator Bowl officials to use free substitution in the Dec. 1 football game, preferring that regular college rules be followed.

In a letter released Monday by George Olson, general manager of the Gator Bowl, Paul Brechler of Denver, chairman of the NCAA extra events committee, wrote:

"The committee feels it is highly desirable for all bowl games approved by the NCAA to be played under a uniform set of rules, and above all those laid down by the membership of the NCAA."

Present NCAA rules do not forbid special rules for bowl games,

Oilers Pace AFL Offense

Dallas (AP)—Houston's Oilers have dropped two of their last 3 games but the statistics don't indicate it.

While the Oilers lost to Los Angeles Sunday they took over complete leadership in all 3 team offensive departments of the American Football League.

They top in passing with 228.2 yards per game, rushing with 135.1 and total offense with 363.3.

They are doing pretty well on defense, too. They lead in rushing defense, allowing only 60.4 yards per game.

Buffalo broke the monopoly by leading in total defense in giving up 266 yards per game and in defense against passing with an average yield of 139.9.

Stevenson, a 184-pound Missouri halfback, ran 77 and 60 yards for touchdowns in a 41-19 shellacking of Oklahoma. His 60-yarder came when Missouri led only 24-19 in the last period, and opened the gates for the rout.

Bellino romped for 4 touchdowns, one on a 90-yard dash, and gained 198 yards in 17 carries against Virginia.

INJURY WOES PLAGUE GIANTS

New York (AP) — A mile-long injury list, headed by quarterback Charley Conerly and end Kyle Rote, Tuesday concerned coach Jim Lee Howell almost as much as the potent Philadelphia Eagles, whom his New York Giants face here Sunday.

He was supposed to have a pliable splint made so he could play this week. But Howell was very pessimistic.

That leaves New York in a bind at end, where only

Bob Schenker is ready to go.

Rookie Bob Simms, who

took over for Rote against Pittsburgh, re-injured an ankle and is not operating at full efficiency.

Pat Summerall, the place

kicking expert who field goal

beat Pittsburgh, took over for

Simms last Sunday and is

slated for more end duty this week.

Bill Stits, a kickoff and punt return specialist, also

has been groomed for the end spot.

There are a half-dozen or

so others injured on the team,

but none seems serious.

IT'S BETTER TO BE SAFE

THAN TO BE SORRY!!

France Speeds Riot Police To Algeria

Algiers — The government sped 1,100 trained riot policemen from France to Algeria Tuesday as this city was flooded with talk of a new plot against President de Gaulle's Algerian policies.

The police will reinforce a riot squad of 5,000 already stationed in this city where a 1958 settlers' uprising brought down the fourth French Republic and boosted de Gaulle to power.

On Jan. 24 of this year,

European settlers staged a new uprising. This one was prompted by disillusionment with de Gaulle because he had offered Algeria's Moslems a chance to work out their own political future.

Now there is a reviving element of intrigue heightened by signs that de Gaulle is readying a new move to end the rebellion.

De Gaulle is expected here soon to announce a referendum in France — which he will almost surely win — on his

new policy of an Algeria administered by Algerians.

Numerous versions of a protected plot flew across the city. None could be confirmed but they seemed to coincide on these basic points:

This time the European settlers will move only when they are sure of simultaneous and full support from their sympathizers in France whose rallying cry is an Algeria forever French.

The rightists realize they were successful in 1958 only because there was help from France. One reason they failed this year was because promises of simultaneous action in France fell through.

Any new plot can succeed only with the backing of key

officers in the army. The army Tuesday "lives in discipline and order," military spokesmen assert.

But it is no secret that some officers were troubled by de Gaulle's Nov. 4 speech. He spoke then for the first time of an Algerian republic and of the day when France would no longer govern Algeria.

The European settlers seem to be waiting for de Gaulle to move first.

In Paris, the French President received a first-hand report from Pierre Messmer, armed forces minister, who returned Tuesday from an inspection tour of Algeria. There was some talk of a new shakeup in the army command.

7 NAMED TO HELP PLANNERS

Seven rural Lancaster County residents have been appointed to advise the City-County Planning Commission concerning the new comprehensive plan for city and county development.

Commission Chairman E. J. Faulkner, in a letter to the County Board, said the following men had been named as advisors to the commission: Dale Weese, Rt. 3; Morris Hammer, Greenwood; Wayne Neilson, Rt. 3; Phil Buel, Hickman; Fred Block, Hallam; Glen Mitchell, Roca; and Dan Olson, Raymond.

Board Chairman Rollin Bailey commented that the commission has been doing a fine job in working with rural-area leaders concerning future development of the city and county.

New Building Firm Formed At Scottsbluff

Articles of incorporation were filed with the Nebraska secretary of state's office by the Scottsbluff Building Co. of Scottsbluff.

Incorporators of the firm were William C. Grove and Robert S. McCracken, both of Cheyenne, Wyo. The firm was authorized to issue \$86,250 in capital stock.

Other filings, including amounts of capital stock authorized (except for non-profit associations):

Nebraska Mason Teachers Association, Inc.; Seward, Wilda H. Reiff and James R. Peterson, both of Omaha; Randolph Foster of Chadron and Sister Casimir of Bellevue, non-profit.

The Methodist churches of Brady:

Glen W. Marshall of Kearney, Harry

Candid of Grand Island, and James W.

Lane, G. L. Brinkmeyer, Vernon Littrell

of York; Joe Breiten, Rich Peckman Sr., George Rosenthal and Del Martin, all of Brady; non-profit.

Town and Country Seeks Beer License

The Town and Country Motel at 3045 Adams has applied to the County Board for an on and off sale beer license.

The board set a public hearing on the request for Nov. 29 at 10 a.m.

C. Marvin Roberts of 1640 So. 58th, president of Town and Country Club Inc., signed the application for the beer license.

Courthouse To Be Closed On Friday

The Lancaster County Courthouse will be closed from Nov. 24 through Nov. 27.

The County Board decided Tuesday to grant the request of the County Employees Assn. to close the building the Friday after Thanksgiving. This will give county employees a 4-day holiday, starting Thanksgiving Day and running through Sunday.

The courthouse normally is closed every Saturday so the board's action gives the employees only one extra day off.

Dep. Sheriff Harlan Kendle, association president, pointed out to the board that the employees did not hold their usual annual picnic last summer and thus did not receive any time off then as has been the past practice.

Peeking Passengers

Brighton, England (UPI) — Albert Hodgett asked the rural council to move a bus stop because passengers on the top deck of stationary buses peer into his bedroom window.

11-Mile Strip Of Interstate Opens Friday

The 11-mile stretch of Interstate Highway from near Waverly to near West Lincoln will open Friday for travel.

L. O. Graham, State Department of Roads engineer, said this would be the last Interstate segment to be opened before winter curtails construction.

The segment at present will serve mainly as a Lincoln by-pass, relieving some of the congestion on the Cornhusker Highway, until segments east and west are completed.

It will connect with Hwys. 2 and 34 and aid Lincoln Air Force Base traffic.

Temporary Road Closing Sought

The State Dept. of Roads notified the Lancaster County Board Tuesday that it plans to barricade a county road which junctions with Highways 2-34 just north of 4th St. in West Lincoln.

Acting State Engineer John Hossock in a letter to the board said the state had planned to close the road during construction of the nearby Interstate Highway, but through an oversight it was not done. He said if the road is not barricaded it would result in a dangerous traffic situation.

The board referred the letter to County Engineer Louis Weaver who will study the proposal and report back.

Backers Help Select Judge For Juveniles

Successful backers of the juvenile court amendment in Lancaster County met Tuesday to begin selection of possible candidates for the judgeship to submit to Gov. Dwight Burney.

Representatives of 10 Lincoln civic, governmental, social and school organizations drew up a preliminary list of qualifications and submitted names of possible candidates to a 6-member committee.

The organizations represented included the Malone Community Center, the public school administration, the police department, PTA, Catholic Social Service, Community Council, Bar Association, Council of Churches, and Mayor's Committee on Youth.

The group will meet again next Monday to attempt to select a list of possible juvenile judge candidates which will be submitted to the governor at his request.

Gallagher Appointed Justice Of Peace

Edward F. Gallagher of 3649 So. 18th was appointed justice of the peace for Yankee Hill Pct. by the County Board Tuesday.

Gallagher was elected to the position Nov. 8 but his regular term will not commence until January. The board's appointment will allow him to begin his duties immediately.

Gallagher is the first justice of the peace in Yankee Hill Pct. in many years. He is an attorney.

MOROCCO TO RECEIVE PLANES FROM RUSSIA

Rabat, Morocco — The Soviet Union has agreed to supply the Moroccan air force with jet aircraft, the royal government announced Tuesday night.

No indication was given of the type or number of aircraft. They will constitute the first Russian military aid given to this strategic Northwest African nation where the United States has maintained bases and provided military aid.

The first Russian jets are expected here shortly to help mark Moroccan independence celebrations that be-

Farm Bureau Chief Says Dissidents 'Disconsolate Losers' In Policy Tiff

Complaints of the "railroading" of county Farm Bureau resolutions at the state convention were termed the "squawks of disconsolate losers" Tuesday by State Farm Bureau President Charles Marshall.

While the 42nd annual convention of the Nebraska Farm Bureau was in its second day Tuesday at Pershing Auditorium, a group of Farm Bureau members were claiming that the "true voice of the farmer" is lost when county

resolutions reach the 20-man preliminary resolution committee appointed by the Farm Bureau board.

Spokesmen from Webster and Adams counties cited a long list of resolutions aimed at price supports for the farmer from county level that failed to survive the resolutions committee and were discarded by a decision to reaffirm 1960 Farm Bureau policy.

63 For Controls

"When we voted in Webster County 63 members were for

controls and price support with 2 members voting against," said Alfred Schutte of Guide Rock, president of the Webster County Farm Bureau.

Schutte was joined by other Farm Bureau members in neighboring counties who objected to vote by acclamation at the state meeting.

The objecting Farm Bureau members indicated a desire to vote of Farm Bureau policy by secret ballot.

Marshall, questioned about the voting said, "Everyone

has an opportunity to vote at county level and they elect their voting delegates. Officers and directors of the Farm Bureau are not dictating policy to anyone. If the majority wants to vote by secret ballot they can, but it would take another week at our state convention to go through all the resolutions."

Say Anything

Marshall said, "Wednesday anyone that has anything they wish to say or submit can do so — that has always been my policy and I wouldn't have it otherwise."

In his annual address Tuesday, Marshall, told Farm Bureau members that agriculture needs two goals in the years ahead.

These he listed as:

(1) To work for tax changes in Nebraska.

(2) To be watchful and alert in the price paid in asking for services from government, particularly at the federal level.

Part Of Squeeze'

Marshall said, "The tax

"Any farm program is a part of the cost squeeze agriculture is struggling against these days. Those who concern themselves with the problems of agriculture vehemently assert that the solution of the farmers' plight is 'supply control' and 'parity income guarantee.'"

"They dodge and ignore the role of costs (including tax burdens) in the troubles of agriculture.

Resolutions will be acted on Wednesday, the final day of the state convention, with election of president and directors scheduled during the morning session.

Chancellor Hardin Says Colleges Must Serve 'New American Era'

Washington, D.C.—Chancellor Clifford M. Hardin of the University of Nebraska told members of the American Association of Land Grant Colleges and State Universities Tuesday that all higher education is being called upon to serve a new American era and a new national generation.

Chancellor Hardin is the retiring president of the association composed of 68 institutions which currently serve about 20% of the total collegiate enrollment in the United States.

The association which next year observes the centennial anniversary of the land-grant college system is deeply committed, Chancellor Hardin said, to the maintenance of broad educational opportunity and has a special obligation to preserve and strengthen the democratic traditions in the realm of education.

'Enlarge Structure'

He suggested, among other things, that the association which originally placed heavy emphasis on agriculture and engineering, "enlarge its structure to permit us to speak authoritatively on a wider range of topics... No longer do our problems and our interests confine themselves to specialized or limited areas. We have come a long way. The land-grant institutions have assumed a new posture and a new dimension. We face responsibilities and opportunities that are broader, deeper, and more comprehensive than any we have ever experienced," he said.

3 Generations

Chancellor Hardin described the contributions of what he termed "3 significant American generations" in the development of the U.S. experiment in democracy and their dependence upon education, and declared that a 4th significant American generation is emerging.

The new generation, he said, faces the task of continuing the nation's domestic development and, in addition, faces the new challenge of extending educational democracy throughout the world.

Janike Outlines 3-Point Extension Reorganization

Washington D.C. — E. W. Janike, Director of the Nebraska Agricultural Extension Service, Tuesday proposed a 3-point reorganization program for the Agricultural Extension Service in the state.

Janike, speaking at the Annual Association of Land-Grant Colleges and Universities in Washington, D.C., said that the proposed changes in organization are being made to "enable our county (Extension) staff members to specialize in various subject matter fields."

According to Janike, the majority of farmers and ranchers in Nebraska are specialists instead of the "generalists" as they used to be.

"Many of them are better trained in a particular subject matter line than the county agent," he said.

The result has been, he added, that county agents have to bring state Extension

specialists out to help the people, and as a result, the people think the agents are not the well informed leaders that they used to be.

The first phase of the 3-pronged plan cited by Janike could be illustrated by opportunities in northeast Nebraska. A group of 5 counties have 12 men and women serving as agents in that area. The most distant point in any of the 5 counties is within 50 miles of an experiment station, the Northeast Nebraska Experiment Station, situated in the center of the region.

Set Up Office

"We could set up an extension office at the experiment station and headquartered the 12 agents at this location. The individual agents could then specialize in subject matter areas of importance to the 5-county region," he said.

Another approach, that is effective in areas where population is sparse and distances are great, Janike said, is to have a group of specialists to supplement the county agents' needs.

The state also uses the area approach in a 3rd way, Janike continued.

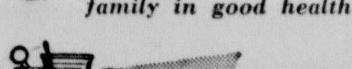

"At present, he said, "slightly over half of our counties are serviced by home extension agents. Of the 93 counties in the state, between 35 and 40 cannot obtain enough revenue under their tax structure to support two agents. As a result, many of our counties have only the services of an agricultural agent," he added.

Trouble Beset New Orleans Schools Face Pay Problem

New Orleans (UPI) — The superintendent of New Orleans schools, beset with problems arising from the integration schools, said Tuesday there is "some concern" whether two payrolls totaling nearly \$2 million can be met in the next 8 days.

Dr. James Redmond told a news conference one payroll calling for \$44,800 for maintenance personnel and other school employees is due Friday.

The monthly teachers' payroll totaling \$1,900,000 is due on Nov. 23.

Optimistic

"We are optimistically negotiating with bankers for our annual loan to tide us over until the end of this fiscal year," Dr. Redmond said. He explained that such a loan is normal procedure because tax rolls and collections come so late in the year.

He said the banks are con-

Castro's Top Court Justice Gets Asylum

Havana (UPI) — Cuban Supreme Court Chief Justice Dr. Emilio Menendez Tuesday took political asylum in the Argentine embassy here.

Menendez, named to head the court by Premier Fidel Castro shortly after he took power, had been criticized for the independence shown by some of his court's decisions.

His court comprises 30 justices to handle criminal, civil, and constitutional law. Menendez's reasons for taking asylum were not known, but his action came at a time when legal circles were discussing reported government plans to put a "people's assessor" at trials to assure "revolutionary justice."

The supreme court has shown defiance of the revolutionary government on occasion. In one case, a justice even ruled Castro's agrarian reform unconstitutional. In several indemnity cases, courts have stepped up the amount paid owners of seized property.

Which of these two whiskies is insured for One Million Dollars?

'Bread Basket' Meeting Moved To November 30

Governor-elect Frank Morrison's proposed Bread Basket Governors Conference has been tentatively postponed until Nov. 30.

Agreement on a firm date is awaiting contact with the new administration of President-elect John Kennedy in an effort to attract a Kennedy representative to the conference in Lincoln.

Morrison aides are attempting to work through former Lincolnite Ted Sorensen, spe-

cial counsel to the President. Clair Callan of Odell, who is organizing the proposed meeting, said Tuesday he will wire midwestern governors-elect following a communiqué from Kennedy.

The conference had originally been scheduled for Nov. 22.

Hanson Calls Demos To Big Party Confab

Democratic State Chairman Russell Hanson of Newcastle Tuesday called a meeting of the party's state executive committee in Lincoln Saturday.

The group will meet at noon at the Cornhusker Hotel. Governor-elect Frank Morrison is expected to attend. Business on tap includes:

- establishing an aggressive organizational program.
- plans for Morrison's inaugural ball Jan. 5.

Nebraska's participation in the inaugural parade in Washington honoring President-elect John Kennedy.

- a discussion of party finances.
- plans for the state party's Jefferson-Jackson Day dinner.

- setting an early meeting of the state central committee.

Morrison was the only Democratic candidate for state or national office to win in Nebraska last week.

City May Ask \$142,000 For Havelock Sewer Job

Lincoln is expected to request \$142,500 in federal funds toward construction of the estimated \$475,000 Havelock area interceptor sewer trunk.

State Sanitation Engineer T. A. Filipi said Tuesday that five additional applications for federal aid to build sewage treatment facilities have been received for consideration at

The 3-mile interceptor trunk, which is proposed to be under construction contract by Jan. 1, will connect the Havelock area to the Sewage Treatment Plant, eliminating the dumping of raw sewage from this area into Salt Creek.

The Sanitary District has agreed to contribute \$225,000 toward the Havelock sewer, a 30-inch line from 61st and Havelock to 27th and Huntington.

Correct Faults

It will correct a condition that has been condemned by the State Health Department.

The council will determine if the additional applicants meet the necessary requirements for federal aid.

Filipi said applications totaling \$54,186 have been received from Jackson, Ansley, Wilcox and Madison.

The applicants, types of facilities planned, total project estimate and amount of requests are as follows:

- Jackson, sewers and lagoon, \$39,010; \$2,245; Ansley, sewers and treatment plant, \$125,366; \$15,131; Wilcox, outfall sewer and lagoon and complete sewer system, \$64,518; \$4,410.

- Bradshaw, sewers and treatment plant, \$36,630; \$10,450; Madison, outfall sewer, lift station and lagoon, \$84,500; \$22,950.

Pleads Guilty To Contributing

John R. Hudson of Bennett pleaded guilty Tuesday in County Court to two charges of contributing to the delinquency of a minor.

Judge Herbert A. Ronin committed Hudson, 74, to jail pending investigation of the case.

Hudson is charged in connection with his actions with two 16-year-old girls Nov. 11. Police said he made improper advances to them.

NU Comptroller Soshnik Is SEARCH Chairman

University of Nebraska comptroller Joseph Soshnik, was named chairman of the Social Economic Area Research Clearing House (SEARCH) at a Tuesday meeting of the group.

Dr. Soshnik, emphasizing the newly-formed research group's potential in the drive for industrial development, added that "we can also perform important services for public and private organizations."

Gamma rays can be used, without major added cost, to preserve beef, potatoes,

canned goods, sterilize pharmaceutical supplies, vulcanize rubber and treat plastics, Sayre mentioned.

Commercial uses

Following a film on the Hallam conventional and sodium graphite reactor steam plant, Sayre reviewed a few of the commercial uses which the irradiation facility could provide.

The truckers say the increase is needed because of increases in operating expenses, and the shippers say the charge would be unreasonably high.

The hearing was expected to continue 2 or 3 days.

Hearing On For \$3.06 Minimum Shipping Charge

Testimony was taken by persons represented by Joseph J. Cariotto of Lincoln and Harry Sunblad of Omaha.

Middlewest Motor Freight Bureau of Kansas City, Mo.

The truckers say the increase is needed because of increases in operating expenses, and the shippers say the charge would be unreasonably high.

The hearing was expected to continue 2 or 3 days.

Nebraska Legislative Council To Meet Wednesday

Nebraska legislators, including 16 "lame ducks," will move into their seats in the Capitol's legislative chamber Wednesday.

The occasion: the biennial session of the Legislative Council, to receive the reports of study committees which have been at work since the 1959 legislative session ended nearly a year and a half ago.

The Legislative Council is the between-session form of the Legislature itself and includes all 43 state senators.

Each regular Legislature selects subjects to be studied before the next regular session convenes.

Sixteen reports covering such interim studies, adding up to more than 400 typewritten pages, will be read to the council during this week's 3 day session.

Acceptance of the reports normally is routine and little discussion normally attends them. But recommendations

Introduction To Teaching Conference At Wesleyan

Nebraska Wesleyan and the Capital City Kiwanis Club will cooperate in an Introduction to Teaching conference on the Wesleyan campus Wednesday.

Dr. Larry Vaughan, Wesleyan education professor and chairman of the club's Vocational Guidance committee, said 51 Lincoln Public School seniors, each picked by his guidance counselor as interested in and demonstrating aptitude for teaching, have been invited to participate.

Dr. Vaughan said the conference will open at 4 p.m. with Kiwanis President-Elect Howard Deems and Wesleyan President Vance D. Rogers bringing the words of welcome.

Dr. Donald Clifton, an associate professor at the University of Nebraska, will give the keynote address on "Teaching in 1970."

Vaughan said a Student NEA panel featuring Wesleyan preparatory teachers will discuss such questions as "Why We Chose Teaching" and the college "Teacher Education Program" at a panel session prior to the conference dinner where Wes-

leyan Dean Dr. Sam Dahl will preside.

Participating students will be Marilyn Brodhead, Scottsbluff; Dean Stewart, Beaver Crossing; Joan Seberg, Elwood; Louis Jensen, Blair, and Judy Jeffers, York.

Dr. R. L. Fredstrom, assistant superintendent of the Lincoln Public Schools, will give the closing address on "The Challenge of Teaching."

Earlier in the evening 4 sectional discussion meetings will be held, as follows:

Elementary teaching, 21—Ed. Ruehle, Miss Paul Schaefer, State Department of Education, discussion leader and Mrs. Naomi Wilson of the Wesleyan staff, resource person.

Elementary teaching, 22—Dr. Howard Deems, host; Mrs. Dorothy Lincoln public school teacher, discussion leader and Miss Nettie Clark of the Wesleyan staff, resource leader.

Secondary teaching, 21—Barney McElroy, host; Ruth Evans, principal of Dawes Junior high school, discussion leader; Dr. Milton D. Evans, chairman of the Wesleyan division of Secondary Education, moderator.

Secondary teaching, 22—Bill Lutes, host; Donald Darnell, Lincoln Southeast high counselor, discussion leader and Dr. Clifton, resource leader.

TOP SCHOLASTIC COEDS TO BE HONORED AT NU

The top scholastic coeds from each of the sophomore, junior and senior classes at the University of Nebraska will be honored at a luncheon Saturday by the Mortar Boards.

One of the University's most honored emeritus professors, Miss Margaret Fedde, former chairman of the home economics department for 31 years, will speak.

The former professor has been honored with member-

ship in 5 student honoraries. She was cited by the American Association of University Women, the League of Women Voters, and has held membership in many other professional organizations.

In addition to the foreign countries where she has been actively engaged in University and government work, she has traveled extensively.

RIBICOFF HAS 4-HOUR VISIT WITH KENNEDY

... No Cabinet Post Offer Yet, He Says

Palm Beach, Fla. (UPI) — President-elect John F. Kennedy discussed his new responsibilities and obligations Tuesday with Gov. Abraham Ribicoff, one of his closest advisers and a much-needed prospect for a cabinet post.

Gov. Ribicoff told newsmen after being with Kennedy more than 4 hours — about half the time at lunch and the remainder on the golf course — that "at this time, it would be safe to say" that no cabinet appointment had been offered him.

But the governor was de-

Federal Loan Chance 'Good' For Apartment

Frank Heinisch of Omaha, consultant to the Pioneer Housing Corp. of Lincoln in the building of a 7-story senior citizens' apartment building at 12th and H, told prospective tenants of progress in securing federal loan insurance for the project.

He reviewed his recent visit in Washington, explaining that officials there "are seriously concerned because senior citizens' projects are not being built."

"I know we are going to get a great deal of help out of Washington," Heinisch said, because of the concern over the lagging interest.

Heinisch, an attorney, also told the Lincoln group that he had conferred with regional FHA officials offer prospects of a loan for the apartment building, and was assured that "ample funds are available in this region."

Pioneer Housing hopes to obtain a federal loan under Section 231 of the Federal Housing Act.

He also reviewed plans to meet with the housing group's attorney and architect to work on the formal application to the federal government, and suggested a major promotional campaign to sell equity in all the apartments as soon as the loan application is submitted to the federal government.

Green For Safety

Lloyd S. Vincent, (left) regional safety officer of the post office department, Wichita, Kan., holds up the green flag earned by the Lincoln post office for Postmaster O. E. Jerner. Lincoln employees earned the flag by the best industrial safety record of any post office in the Wichita region. (Star Photo.)

At the base, Kennedy, accompanied by newsmen and staff aides will switch to smaller planes for a flight to Johnson's LBJ Ranch some 60 miles away. After about an hour's tour, the press group will head back to the air base to await developments while Kennedy and Johnson go into private discussions until Thursday evening.

Ribicoff's first reply when newsmen asked what he and Kennedy discussed was that they "basically . . . talked about some of the responsibilities and obligations of the presidency beginning next January."

Ribicoff has been considered in political circles as a likely Kennedy choice for attorney general.

D. Burney Spends \$1,067

For Campaign

Gov. Dwight Burney, who was victorious in his race for re-election as lieutenant governor on the Republican ticket, reported Tuesday he spent \$1,067 campaigning.

Gov. Burney, who as lieutenant governor became governor on the death Sept. 9 of Gov. Ralph Brooks, said \$823 of the total went for advertising, \$182 for the printing of cards, and \$62 for travel and incidental expenses.

The report was filed in the Nebraska secretary of state's office.

Clarence L. E. Swanson of Omaha, a Republican elected state treasurer, reported spending \$3,153 on his campaign.

Reports of expenditures by other candidates and groups, including offices sought or proposals backed, were as follows:

H. L. Gernhart of Newman Grove, Legislature, 13th District, \$338; F. A. Baser of Dakota City, Legislature, 13th District, none; J. Leroy Weis of Omaha, University of Nebraska regent, 2nd District, \$63; William S. Moulton of Omaha, Legislature, 10th District, \$100; C. O. Blanchard of Lincoln, Legislature, 19th District, \$148; Adolph Wenke, Stanton, Supreme Court, 3rd District, none; Mrs. E. C. Torserson of Omaha, treasurer of Citizens Juvenile Court Committee, \$1,291 (by the group).

Winners, Losers Warned To File

Secretary of State Frank Marsh reminded candidates in the Nov. 8 election — winners and losers — that 5 p.m. Friday is the final deadline for their individual expense statements.

Committee statements are not due for another 10 days,

Marsh explained, and candidates for U.S. Senate do not need to file expense statements to the state.

Waste Fatal

Shirley, N.Y. (UPI) — John Gibson, 33-year-old physicist on the staff of the Brookhaven National Laboratory, site of important nuclear experiments, was killed when his car collided with a truck. The truck was loaded with radioactive waste being sent to the Oak Ridge National Laboratory in Tennessee.

An alphabet is just a collection of letters . . . until you put together the right combination of letters to make words. Take seven of those letters, for instance . . . you can use them to spell "W-A-N-T A-D-S". And it's just as easy to use a Want Ad as it is to spell it!

A phone call to GR 7-8902 (ask for Want Ads) connects you with a friendly ad-taker who will help you word an ad to sell those things around the house you no longer need or use. And when your ad appears in the Journal and Star Classified Section, you're in business. Want Ad readers are buyers . . . they're looking for the things you are advertising . . . and they're willing and even anxious to pay you cash for them.

Want Ads are one of the easiest, most inexpensive means to extra cash in your pocket or purse. Use them often. It's so easy that if you can spell "W-A-N-T A-D" you can use the Journal and Star Want Ads . . . successfully!

JOURNAL and STAR WANT ADS

Census Changes House Seats For Half Of States

Washington (P) — Final results of the 1960 Census were made public Tuesday by the Commerce Department, which said half of the 50 states will gain or lose seats in the House of Representatives because of population shifts.

Each state which picks up or loses House seats also will gain or lose the same num-

ber of votes in the electoral college, which formally selects the president. Each state's vote in the electoral college is the sum of its senators — two — and House members.

The 1960 presidential vote won't be affected. The changes will not go into effect until January 1963.

On the basis of final tabu-

lations, the department said the 50 states had a population of 179,323,175 on April 1 — the date of the house-to-house census. This represented a gain of 18.5% over the 1950 total of 151,325,798.

The principal purpose of the once-a-decade census is to determine how many House seats, and electoral votes, each state shall have. These are allotted according to population.

Starts In 1962

On the basis of the 1960 count, House seats will be reapportioned starting with the 88th Congress which will be elected in November 1962. California will be the big gainer in the realignment, picking up 8 seats. Florida will gain 4 seats and the following states will gain one each: Arizona, Hawaii, Maryland, Michigan, New Jersey, Ohio and Texas.

Pennsylvania will lose 3 seats. New York, Massachusetts and Arkansas will lose two each. Dropping one seat apiece will be Alabama, Illinois, Iowa, Kansas, Kentucky, Maine, Minnesota, Mississippi, Missouri, Nebraska, North Carolina and West Virginia.

The number of losses exceeds the number of gains because the House currently has 437 members instead of the usual 435. Two extra seats were granted to Alaska and Hawaii after they obtained statehood. The number will revert to 435 after the reapportionment.

Sent To Ike

Census Bureau experts worked out the state-by-state reapportionment and sent their report to Secretary of Commerce Frederick H. Mueller. The commerce boss relayed it to President Eisenhower who will pass it along to the clerk of the House after Congress convenes in January.

From there the report will go to the 50 state governors who will, where necessary, ask their state legislatures to draw new boundaries for congressional districts.

If a legislature fails to act before the 1962 election, all House members from that state will be elected at large in 1962 if the state has lost population. If it has gained, the additional representatives will be elected at large.

The late Gov. Ralph Brooks and Republican Atty. Gen. C. S. Beck feuded and fussed constantly, resulting in a ticklish stand-off between the governor and the state's official legal advisor.

In other action, Morrison met with Gilbert McCoy of Los Angeles, representative of Industrial Planning Associates.

McCoy represents the firm employed by the Resources Division to undertake a study of Nebraska's industrial development program.

A report of the investigation will be in Morrison's hands next month.

Big Stops

Meanwhile, the governor-elect revealed that he has definitely settled on stops in New York City and Washington on his coming trip to the East in search of industrial expansion.

Morrison also met Tuesday with a number of Democratic county chairmen for discussions about party affairs.

At the moment, he said he is "trying to unwind a little" and get reacquainted with his family after a hectic 3 years as executive secretary of the Democratic Party, aide to Gov. Brooks, candidate for the Democratic gubernatorial nomination and candidate for the U.S. Senate.

Conrad, defeated Democratic candidate for the U.S. Senate, said he had not been contacted about the post.

The former administrative assistant to the late G. V. Ralph Brooks noted that his plans for the future are still indefinite.

At the moment, he said he is "trying to unwind a little" and get reacquainted with his family after a hectic 3 years as executive secretary of the Democratic Party, aide to Gov. Brooks, candidate for the Democratic gubernatorial nomination and candidate for the U.S. Senate.

Conrad, defeated Democratic candidate for the U.S. Senate, said he had not been contacted about the post.

The former administrative assistant to the late G. V. Ralph Brooks noted that his plans for the future are still indefinite.

He noted that he had but 7 weeks to campaign but still earned what probably will turn out to be about 240,000 votes.
